Section M.1, Factor 3, Part 3.1 Cost Section of the RFP is hereby deleted and replaced with the following:

Cost/Price Analysis

In accordance with FAR 15.404-1, the Government will conduct a cost/price analysis to assess whether the contract price proposed is fair and reasonable.

In accordance with FAR 15.404-1(d), as a part of its cost analysis, the Government will perform a Cost Realism Analysis (CRA) on specific and significant cost categories proposed on the Form 2110 by the Offeror to determine a Probable Cost (PC) of performing the contract using the offeror's proposed approach. The PC may differ from the proposed cost and shall be used for purposes of the evaluation to determine the "Best Value" proposal.

To foster competition and create more of a level field, please note that the Government will not evaluate transition in or transition out in evaluated cost/price.

The Government will also review the offeror's responses and documentation provided in response to Section L.6(I)(4)(a) Business Management Data, to ensure that the offeror has adequate cost controls, financial capability, lines of credit, and is licensed in the state in which the center is located. Failure of the offeror to comply with these areas may result in the offeror not being eligible for award.

End of Section M Amendment.
