AMENDMENT OF SOLICITATION/MODIFICATION OF CONTRACT

1. CONTRACT ID CODE	Page	Of	Pages
	1		12

2. AMENDMENT/MODIFICATION NO.	3. EFFECTIVE DATE	4. REQUISITION/PURCHASE REQ. NO.	5. PROJECT NO. *(If applicable)*
0002	See Block 16C		

6. ISSUED BY CODE	7. ADMINISTERED BY *(If other than Item 6)*
CODE **JC003**	CODE
U.S. Department of Labor **Employment & Training Administration** **Office of Contracts Management** **The Curtis Center, Suite 825 E** **170 S. Independent Mall West** **Philadelphia, PA 19106**	

8. NAME AND ADDRESS OF CONTRACTOR *(No., street, county, State and ZIP Code)*	(X) CODE	
	☒	9A. AMENDMENT OF SOLICITATION NO. **DOLJ13PA20010**
	X	9B. DATED *(SEE ITEM 11)*: **February 19, 2013**
	☐	10A. MODIFICATION OF CONTRACT/ORDER NO.
	☐	10B. DATED
CODE / FACILITY CODE		

11. THIS ITEM ONLY APPLIES TO AMENDMENTS OF SOLICITATIONS

☒ The above numbered solicitation is amended as set forth in Item 14. The hour and date specified for receipt of Offers **X** is extended, is not extended.
Offers must acknowledge receipt of this amendment prior to the hour and date specified in the solicitation or as amended, by one of the following methods: (a) By completing items 8 and 15, and returning 2 copies of the amendment; (b) By acknowledging receipt of this amendment on each copy of the offer submitted; or (c) By separate letter or telegram which includes a reference to the solicitation and amendment numbers. FAILURE OF YOUR ACKNOWLEDGMENT TO BE RECEIVED AT THE PLACE DESIGNATED FOR THE RECEIPT OF OFFERS PRIOR TO THE HOUR AND DATE SPECIFIED MAY RESULT IN REJECTION OF YOUR OFFER. If by virtue of this amendment your desire to change an offer already submitted, such change may be made by telegram or letter, provided each telegram or letter makes reference to the solicitation and this amendment, and is received prior to the opening hour and date specified

12. ACCOUNTING AND APPROPRIATION DATA (if required)

13. THIS ITEM ONLY APPLIES TO MODIFICATION OF CONTRACTS/ORDERS. IT MODIFIES THE CONTRACT/ORDER NO. AS DESCRIBED IN ITEM 14.

CHECK ONE	
☐	A. THIS CHANGE ORDER IS ISSUED PURSUANT TO: *(Specify authority)* THE CHANGES SET FORTH IN ITEM 14 ARE MADE IN THE CONTRACT ORDER NO. IN ITEM 10A.
☐	B. THE ABOVE NUMBERED CONTRACT/ORDER IS MODIFIED TO REFLECT THE ADMINISTRATIVE CHANGES *(such as changes in paying office, Appropriation date, etc.)* SET FORTH IN ITEM 14, PURSUANT TO THE AUTHORITY OF FAR 43.103(b).
☐	C. THIS SUPPLEMENTAL AGREEMENT IS ENTERED INTO PURSUANT TO AUTHORITY OF:
☐	D. OTHER *(Specify type of modification and authority)*

E. IMPORTANT: Contractor is not, ☐ is required to sign this document and return one (1) copy to the issuing office.

14. DESCRIPTION OF AMENDMENT/MODIFICATION *(Organized by UCF section headings, including solicitation/contract subject matter where feasible.)*

Purpose: The purpose of this amendment is to extend the date for submissions of offers, include questions and answsers to all questions received to date.

1. The time and date for submission of proposals for the Earle C. Clements Job Corps Center is hereby extended to **April 11, 2013 at 1:00 p.m. EST**.
2. Questions and Answers – see pages 2 and 3.
3. The Government will not accept any additional questions beyond Tues, March 26, 2013.

Except as provided herein, all terms and conditions of the document referenced in Item 9A or 10A, as heretofore changed, remains unchanged and in full force and effect.

15A. NAME AND TITLE OF SIGNER *(Type or print)*	16A. NAME AND TITLE OF CONTRACTING OFFICER *(Type or print)*
	Gail Thomsen, Contracting Officer **Employment & Training Administration**

15B. CONTRACTOR/OFFEROR	15C. DATE SIGNED	16B. UNITED STATES OF AMERICA	16C. DATE SIGNED
(Signature of person authorized to sign)		*(Signature of Contracting Officer)*	3-19-2013

1. **C.3, Program Content, A, 1 Outreach, Page 7-8:**
The RFP indicates that the contractor shall provide support to Outreach and Admissions contractors to ensure that the center is maintained at overall design capacity. Will the Government identify the applicable Outreach and Admissions contractors along with their arrival goals associated with the Clements Center?

The last available Geographic Assignment Plan (PY2010) identifies the following states and anticipated arrival numbers for the center:

District of Columbia	56
Kentucky	85
Maryland	67
Delaware	20
Pennsylvania	57
Virginia	17
West Virginia	15

Ohio	85
Missouri	40
Mississippi	100
Tennessee	149
Alabama	217
Georgia	273
Florida	315
North Carolina	187
South Carolina	65
Illinois	145
Indiana	38

2. **C.3, Program Content, C, 11: GED Certificate/High School Diploma, Page 11:**
Does the current operator have a memorandum of understanding with a local high school district? Will the Government make available the memorandum of understanding between any local school district and the current center operator?

It is the responsibility of each individual offeror to establish any Memorandums of Understanding with local or distant partners. The Government will not make available any existing MOU's with the current operator.

3. **C.3, Program Content C, 12: English as a Second Language (ESL), Page 11:**
What is the estimated number of students in need of ESL services?

The number of students requiring ESL services cannot be accurately predicted. It is a fluctuating number. Per the PRH, all students who require English Language Lerner assistance will be provided that opportunity by the center operator. For information purposes only and not to be relied on as an RFP fact on which to propose, the average number based on historical data has been approximately 32 students.

4. **C.3 Program Content, C.13 Career Technical Training, Page 11-12**
Are Advanced Automotive Technician; Automotive Technician; Collision Repair and Refinish; and Tile Setting the only career technical training programs offered by National Training Contractors?

Yes. The CTT programs identified in the RFP on Pages 11-12 accurately identify those CTT programs that are operated by NTC's.

5. **C.3 Program Content, C 13 Career Technical Training, Page 11-12**
For the National Training Contractors (NTC), will the Government provide or describe the organizational structure/staffing pattern for those specific NTC programs at the Clements Center?

The center is required to follow prescribed student/staff ratios outlined in the Memorandums of Understanding with NTC operators (See PRH Appendix 302). Below are the approved ratios:

Tile Setting (IMI): 20 to 1 ratio

Advanced Automotive Technician (UAW): 12 to 1 ratio
Collision Repair & Refinish (UAW): 20 to 1 ratio

6. **C.3 Program Content, C 14 Concurrent Training, Page 12-13 Does the current operator have a memorandum of understanding with Henderson Community College, South Eastern Illinois College and Ivy Tech Community College? Will the Government make available the memorandum of understanding between any of these colleges and the current center operator?**

   It is the responsibility of each individual offeror to establish any Memorandums of Understanding with local or distant partners. The Government will not make available any existing MOU's with the current operator.

7. **RFP Reference: L.7.B Part 2: Past Performance: "When the offeror is a joint venture or contractor team at the prime level, the past performance of the team, if any, will be considered. If the team has no relevant past performance, but one or more team members do, the Contracting Officer will make a determination, at their discretion, based on the availability of past performance information for a team member, and the nature and extent of that team member's proposed contribution to the work of the contract, as to whether or how to evaluate past performance of the team." Could you please confirm that the past performance for team members who will perform in a subcontractor role will be considered in the evaluation of past performance?**

   Current practice does not provide for the evaluation of past effectiveness for proposed subcontractors.

8. **On page 12 the Seamanship trade is not depicted as an NTC trade; is this correct?**

   Yes. The Seamanship CTT offering is <u>not</u> considered to be an NTC.

9. **Page 12 of the CTT slots indicates 132 slots for Advanced Automotive Technician (NTC-UAW). Are 48 of these 132 slots specifically provided for Advanced Heavy Truck Repair?**

   The number of CTT slots for the Advanced Automotive Technician, operated by United Auto Workers (UAW), are incorrectly identified. There are a total of 216 slots associated with this CTT offering. Of these, 48 are designated for Advanced Heavy Truck Repair. See complete CTT offering listing under Question #19.

10. **Reference Page 23, reimbursement for GSA rental charges is described. Please confirm that in accordance with PIN 12-26, the national office will process payments directly to GSA for the center GSA vehicle-related charges; therefore, the contractor is not responsible for these types of charges and should not propose operations costs related to GSA vehicle mileage.**

    Yes, per PIN 12-26, centers are no longer directly paying their GSA rental charges. Effective with October 2012 charges, GSA will bill DOL directly for all contract center-leased vehicles, and the Office of Job Corps will no longer fund contracts for regular-leased vehicle charges. This applies to all regular charges, such as monthly lease charges, special equipment, mileage charges, regular additional fees applied by GSA (such as AFV fee), and maintenance or repair charges GSA applies as part of the regular monthly invoice (this would include B.3 of the Capital lines and line 26 of the Operations line), for GSA or Rental vehicles only.
    Charges that are assessed outside of the regular monthly GSA invoice that would fall under Line 26 within the Operations will be forwarded through normal channels for cost reimbursement.

11. **Reference page 30, based on the PRH Change Notice No. 12-03, issued October 19, 2012 regarding Student Allowance and Allotment System, the graduate transition pays are reduced for students enrolled on or after November 1. According to the PRH change, will the contract liquidated damages for academic and CTT credits in Section G.8 be modified?**

    Yes, the amounts for the Liquidated Damages will be changed to reflect these new lower amounts, to $200/GED/HSD and $500/CTT Completion and $1,000 for a combination certification.

12. **Page 56 item J-16 Davis-Bacon Wage Determination does not provide a WD reference, please confirm that KY130117 dated 02/15/2013 is correct.**

    Because the determination has been made that overall operation of Job Corps Centers do not fall under the purview of the Davis Bacon Act, and because the DBA web site is provided, it is up to the contractor to locate and use what is appropriate

13. **Page 56 item J-17 SCA Wage Determination does not provide a WD reference, please confirm that WD 2005-2187 Revision #12 dated 06/13/2012 is correct.**

    Because the determination has been made that the overall operation of Job Corps Centers do not fall under the purview of the Service Contract Act, and because the SCA web site is provided, it is up to the contractor to locate and use what is appropriate. The one referenced appears to be the correct SCA.

14. **Page 88 does not provide a due date for the Past Experience/Effectiveness Confirmation Questionnaire. What is the due date for the Questionnaires?**

    They should be submitted any time up to and within a week prior to the due date for receipt of proposals. They **must** be received by the RFP close date or **will not be considered as received on time.**

15. **In the Center Utilities Usage and Cost worksheet as provided on fedbizopps.gov, the Natural Gas costs are not included in the total as presented in the rightmost column. Will a revised utility worksheet be provided?**

    Yes, an updated Utilities Usage and Cost worksheet is provided and attached to this amendment. This revised table shall replace the original Attachment J-11.

16. **Based on the national conference call on Friday, October 19, 2012 changes are expected to the payment of utilities from Job Corps contracts. Are contractors expected to propose utilities costs for this proposal?**

    Yes, offerors are expected to propose utility costs until they are directed otherwise.

17. **Past Performance Proposal and Packaging: Offerors may submit up to 5 pages of narrative. Offers must also provide a List of Current/Recent Contracts. (RFP Page 112.)** ***Question: Are the pages that contain the Offerors List of Current/Recent Contracts excluded from the 5 page narrative limitation?***

    Yes, the List of Current/Recent contracts is NOT included as part of the 5-page narrative submission.

18. **Career Technical Training Programs: The RFP identifies 1,244 CTT slots, excluding 10 ACT slots. This CTT slot to OBS percentage is 96%, which appears higher than other center and normal DOL standards. (RFP Pages 11-12.)** ***Clarification: Please clarify that the current RFP stated CTT programs and Slot levels are current and accurate.***

    The CTT Programs and slot levels identified on Pages 11-12 of the RFP contain one error that must be corrected. The Advanced Automotive Technician CTT offering should reflect a total of 216 CTT

slots. This replaces the 132 CTT slots identified in the RFP. See the below chart for an updated look at the CTT program offered on the center:

Career Technical Training Offerings	Training Slots	Off Center
Advanced Welding	24	
Welding	96	
Carpentry	48	
Cement Masonry	24	
Electrical	120	
Facilities Maintenance	72	
Plumbing	24	
Office Administration	60	
Medical Office Support	90	
Nurse Assistant/Home Health Aide	120	
Culinary Arts	120	
Computer Technician	60	
Network Cable Installation	30	
Advanced Heavy Truck Driving	48	
Material Handling and Distribution Operations	30	
Seamanship	30	
Tile Setting*	20	
Advanced Automotive Technician*	216	
Automotive Technician*	48	
Collision Repair & Refinish*	48	
ACT**		10
Sub-Total	**1328**	**10**
OVERALL TOTAL SLOTS	**1338**	

* Operated by NTC

19. **Proposal Submission: The RFP states the proposal submission due date is Thursday, April 4, 2013. This response period only provides potential Offerors a 28 day period between the Pre-Proposal Conference and Proposal Due date.** ***Question: Will DOL consider providing a more normal and customary 45 day proposal development period between the Pre-Proposal Conference date and Proposal Due date?***

    Per FAR 5.203 the solicitation response time only requires 30 days. However, the RFP was uploaded to FBO on Feb 19, 2013, due on April 4th would be for a total of 44 days. However, because this is a very large center, the time and date for receipt of proposals will be extended to April 11, 2013.

20. **(Pages 22,23,24,28,29). In view of Amendment 1 and Information Notice 12-26, should offerors ignore all references to GSA rental and mileage costs appearing throughout the text and tables of the Solicitation?**

    Yes. See response to #10.

21. **In view of anticipated changes in direct billing of utilities to Job Corps, how should offerors address these costs in their Proposals?**

    See response to Question #16 above.

22. **Page 30. Job Corps PRH Change Notice 12-03 updates the Student Allowance and Allotment System to reduce graduate transition payments for GED/HSD and CTT attainment to $200 and $500 respectively. However, the corresponding liquidated damages rates in the Solicitation have not been adjusted. Will these rates be revised to correspond with the new reductions?**

    See response to Question #11 above.

23. **Page 33-H.8. Please clarify how the "Non-displacement of Qualified Workers" clause will be applied to the successful offeror if not the incumbent. It appears to imply that the new contractor would be responsible for offering SCA employees under the previous contract (who were employed at least three months and "performed suitably") first right of refusal of employment under the new contract. Is this correct? Please elaborate.**

    Yes, as long as the staff member has a record of satisfactory performance.

24. **Page 106. Proposal Submission, states, "Part 3 of the proposal shall be separately bound in 2 sections (3.1 and 3.2)". We assume this instruction to mean that Part 3 is to be bound as one volume and that the volume contains Sections 3.1 and 3.2. Or, is Part 3 to be submitted as two separate volumes, one volume containing Section 3.1 and one volume containing Section 3.2? Which is correct?**

    Section 3.1 (Cost Proposal) should be bound as a separate volume from 3.2 (Small Business Subcontracting Plan). Offerors are required to submit 3 copies of each volume.

25. **Page 109. 1.2. Is the Organization Chart included in the page limitation for Staff Resources?**

    No. The Organization Chart will NOT be included in the page limitation for Staff Resources. Refer to RFP Page 106 (bold paragraph under the chart).

26. **Page 112 b-3. The Solicitation states the offeror must complete a maximum of 5, J-8 questionnaires. Does this mean the offeror must only send out a maximum of 5 questionnaires to agencies providing the evaluation, regardless of the amount of contracts the offeror has? Or does it mean that only 5 of the returned questionnaires will be considered? Which is it? If the latter, how are the 5 to be considered determined?**

Only a maximum of 5 questionnaires per contractor will be reviewed and evaluated. The five will be determined by which ones were received first.

27. Regarding liquidated damages in Section G.8 on page 30; Job Corps PRH Change Notice 12-03 changed student transition payments to $200/GED/HSD and $500/CTT Completion. Therefore, will the liquidated damages change accordingly?

See response to Question #11 above.

28. Should line 26 of the BMP include GSA mileage? (Note: GSA rental was excluded in 3.1, page 112).

No, see response to question #10.

29. Can a list of GSA vehicles be provided?

See attached vehicle lease description.

30. How many UAW Instructors are there?

There are 13 UAW Instructors employed at the center.

31. Are there any planned or on-going CTT changes?

There are no planned or on-going CTT changes for the center.

32. Are there any planned National CRA projects underway or planned?

There are no National CRA projects planned or on-going at the center.

33. What is the percentage of students requiring ELL/ESL services?

See response to question #3.

34. Is the Swimming Pool operational? If not, are there plans to renovate or remove it?

The Swimming Pool is not currently operational at this time due to needed repairs. Additional funding has to be pursued for repairs to occur.

35. Is the Bowling Alley operational? If not, are there plans to renovate or remove it?

The Bowling Alley located on the center is operational.

36. Is there a requirement to have a Fire Chief on staff?

There is no requirement to have a Fire Chief on staff.

37. Are there any areas, buildings or functions on Center that are permanently non-operational?

No, all facilities are currently in use.

38. Are there any areas, buildings or functions on Center that are temporarily non-operational?

No, all facilities are currently in use.

39. Have there been any new buildings or structures added to the facility since the last facility survey?

Building 1521, Hobby Shop/Library has been added to the facility since the last Facility Survey.

40. How many computer labs are on Center? Where are they located?

There are approximately 38 student computer labs, consisting of 405 computers that are located throughout the center. See below for locations.

Location	Type	# of Computers		Location	Type	# of Computers
301	Dorm Lab	4		605	Computer Lab	20
302	Dorm Lab	4		605	Penn Foster Lab	18

604	Computer Lab	20				

41. Does the Center have any security cameras? If so, are they operational and where are they located?

Yes. The camera is located in the Wellness Center Pharmacy.

43. The evaluation of the subcontracting plan indicates "Plans that do not meet mandated goals shall receive a rating of unsatisfactory." However, the page 119 lists two separate charts, of which the first indicates "The contractor shall determine the dollar value of the services to be subcontracted. Of that amount, the contractor must, at a minimum, award subcontracts so as to achieve the following goals…" The second chart speaks to "offerors are encouraged to strive to achieve the following subcontract goals." While are the "mandated" goals that would warrant an unsatisfactory rating?

The lower goals are the goals set by the Federal government. If you do not propose those goals, you will be unable to receive an award. The higher goals are DOL set goals. We request that the contractor strive to propose and meet those goals, however, if you do propose less than the DOL mandated goals, it will negatively affect your proposal rating based on an unsatisfactory rating for your Subcontracting Plan.

44. Page 108, Section L. 1.2., h. - The Transition/Phase-out Plan (Section L., 1.2., h.; page 108) has traditionally been a separate section in Job Corps proposals and did not have a page limit. Please clarify if the 20 page limitation on the SRP now includes the additional Transition/Phase-out Plan as well.

No. The Transition Plan is not included as part of the 20 page maximum for the SRP. However, it should not exceed 5 pages.

45. Per page 12 of the RFP, the total training slots are 1254. Can you please verify that this number is correct as it is our experience that based on a Center with an OBS of 1300, the training slots are typically closer to 1100 or 85% of the total OBS.

Refer to the response to question #18.

46. Please provide the names of the OA and CTS contractors along with the number of arrivals and placements they are responsible for, by State.

There are a number of OA and CTS contractors, many that are located within a different regions. Refer to the GAP plan indicating the number of students and the area they are from. Also see response to Question #1.

47. Page 106 of the RFP states to submit 2 CDs of the Technical proposal & page 107 states all parts of the proposal shall be submitted both in hard copy and on electronic media (compact disc in PDF format). Please clarify how you would like the proposal to be submitted (in what formats)

In accordance with page 106 of the RFP, you must provide your entire proposal (technical and price), in writing (paper copies). In addition, you must submit 2 CDs of your technical proposal and 3 CDs of your cost proposal (including the entire BMP submission, all applicable excel spreadsheets and an entire section G of the RFP in Word (from G.1 thru G.9).

48. Page 113 of the RFP - Offerors shall provide the following on CD using Excel 2003 or earlier Version: Estimated Cost, Fixed and Incentive Fee table (G.1.A) - is this the correct reference? Fee table (G.a C.2) - is this the correct reference? Estimated Cost, Fixed and Incentive Fee table for Option Years (G.3) - is this the correct reference?

Correction: Estimated Cost, Fixed and Incentive Fee table **(G.2.A)**. Fee table **(G.2.C.2).** Estimated Cost, Fixed and Incentive Fee table for Option Years **(G.4).**

49. Can you provide a copy of the sign-in sheet from the Pre-Proposal conference/Site Visit.

List is attached and uploaded to FBO as a part of this modification.

50. The RFP does not mention a Pre-Military Program or Class; however, this area was toured during the site visit, and Pre-Military training was occurring during the training day. Has there been a CTT change to add this as a CTT offering? Are we expected or required to provide a Pre-Military program? If so, what are the staffing, uniform, and material requirements of the program?

There is NO requirement in the RFP to offer a Pre-Military program, or a Veterans program (VETS) or a plan to add the Pre-Military Program as a CTT offering. It is a Center operated program and program oversight is provided by a dedicated center staff member. The program is designed to assist students in preparing for entry into the military, including uniform requirements, military drills and ceremonies, map reading and land navigation, first aid, and the importance of community service. Students in the VETS program are eligible for residence in the center's Veteran Dorm. The veterans program is designed to assist military personnel transitioning from military life to the workforce. The program assists veterans with obtaining CTT certifications and job placement upon completion.

51. Who is responsible for the management and maintenance of the wind turbine and the solar panels? Are there any specialized staffing requirements to operate the wind turbine and solar panels? Are there any cost savings associated with these?

The wind turbine and solar panels are maintained by the Construction Career Technical Training offerings on the center. The Wind Turbine and solar panels were constructed with ARRA funding to subsidize the Material Handling building Currently, the meter that is used to record the Kilowatts is not operation and is in the process of being repaired. The cost savings associated with a small wind turbine and solar panels equates to approximately $200.00 per year.
There are no specialized staffing requirements to operate the wind turbine and solar panels.
