## DIRECTIONS FOR USE OF THE GREEN PURCHASING PROGRAM CERTIFICATION AND EXEMPTION FORMS

# GREEN PURCHASING PROGRAM CERTIFICATION DETERMINATION

## INSTRUCTIONS

This form is to be completed by the requiring activity when EPA-designated items are applicable to the requirement. For questions on whether the product counts as "EPA-designated" or what the required recycled content is, refer to product descriptions on EPA's website at [www.epa.gov/cpg/products](http://www.epa.gov/cpg/products). This form is not required for construction item purchases less than \$2,000, or for other purchases less than \$2,500. The completed form becomes part of the contracting office contract file.

## **PART 1: RECOVERED MATERIALS DETERMINATION (CONT'D)**

*FAR 11.002(d) requires the establishment of statements of work and specification requirements for the procurement of products containing recovered materials and environmentally preferable and energy-efficient products and services.*

*If no EPA designated items were checked on page 1, than check box A:*

☐ **A.** I hereby certify that no EPA designated guideline items are included in this procurement action

*If any EPA designated items are checked on page 1, than mark box B or C:*

☒ **B.** I hereby certify that the EPA recycled content requirements have been specified for all of the designated guideline items in this procurement action

OR

☐ **C.** I hereby certify that the EPA recycled content requirements have been specified for all but the following designated guideline items for which compliance with EPA standards is not attainable.

*If Box C is checked, list each designated item and the corresponding justification number from the list below for each exemption being claimed. Attach the supporting documentation for each waiver.*

The exemption being claimed for this purchase is:

1. The product does not meet appropriate performance standards (in accordance with National Institute of Standards and Technology (NIST) guidelines
2. The product is not available within a reasonable time frame
3. The product is not available competitively (from two or more sources)
4. The product is only available at an unreasonable price (based on a life-cycle cost analysis).

## **PART 2: GREEN PROCUREMENT CERTIFICATION**

*Part 2 of this certification is to be completed upon receipt of the purchase goods and services. If EPA designated items were specified in this procurement action, the contractor/supplying agent shall complete Part 2 of this certification upon delivery of the products or services. Attach supporting documentation identifying percentage of recovered material content used in each designated item. NOTE: A designated item is specified if no exemptions were prepared and identified in Part 1.C of this form during the development of this procurement action.*

Check the appropriate box:

☐ **A.** EPA recycled content requirements have been met for all designated items specified in this procurement action.

OR

☐ **B.** EPA recycled content requirements have been met for all but the following EPA designated guideline item(s) for which compliance with EPA standards was not attainable.

*If Box B is checked, list each designated item and the corresponding justification number from the list below for each exemption being claimed. Attach the supporting documentation for each waiver.*

The exemption being claimed for this purchase is:

1. The product does not meet appropriate performance standards (in accordance with National Institute of Standards and Technology (NIST) guidelines.)
2. The product is not available within a reasonable time frame
3. The product is not available competitively (from two or more sources)
4. The product is only available at an unreasonable price (based on a life-cycle cost analysis).

*The technical authority shall prepare a separate justification for each designated item purchased that does not meet EPA standards as part of this procurement action:*

The following item does not comply with EPA standards for recycled/recovered materials:

\_\_\_\_\_

The exemption being claimed for this purchase is:

- ☐ 1. The product does not meet appropriate performance standards (in accordance with National Institute of Standards and Technology (NIST) guidelines)
- ☐ 2. The product is not available within a reasonable time frame
- ☐ 3. The product is not available competitively (from two or more sources)
- ☐ 4. The product is only available at an unreasonable price (based on a price analysis that considers life-cycle cost). The recycled-content product costs \$ \_\_\_\_\_ per \_\_\_\_\_ and the non-recycled-content product costs \$ \_\_\_\_\_ per \_\_\_\_\_

This written justification is made in accordance with 42USC 6962(c)(1):
