There will be no paper copies of this solicitation. All solicitation information may be obtained through the above referenced website. Any questions related to this solicitation must be submitted electronically via email to, quanisha.barkley@us.af.mil and kimberly.horner@us.af.mil. Please reference solicitation # FA2521-18-B-0003 on all correspondence.

Title: Repair Sewage Lift Station, Bldg. 350, Patrick AFB, Florida

Project Number: SXHT 10-1051

Place of performance: Patrick Air Force Base, Florida 32925

Brief description of work: The work to be performed under this project is to furnish all management, personnel, tools, supplies, equipment, materials, and labor necessary to repair and replace the sanitary sewer service pipe connected from Bldg. 350 and re-route it into Lift Station 326 located near Bldg. 352. Installation methods will include, but are not limited to, conventional open trenching, asphalt pavement, curb, and concrete sidewalk cutting. This requirement also involves connecting existing portions of existing sanitary pipe coming out of east side of Bldg. 350, including two waste lines and one grease line discharge, from existing grease trap at existing invert elevations to remain in service. Restore paved and unpaved surface to near

original conditions as necessary. Additionally, the requirement calls for the existing Lift Station 350 to be demolished and disposed of.

NAICS Code: 237110

Size Standard: \$36.5M

Magnitude of Effort: Between \$250,000 and \$500,000.

IFB will be available on or about 16 Feb 18.

This project has a prebid site visit.

The performance period for this project will be 60 calendar days, to begin 10 days after issuance of the Notice to Proceed (NTP). NTP to be issued within 30 days after award.

This acquisition is being issued under FAR 19.1405 Service-Disabled Veteran-Owned Small Business Set Aside and solicited via Invitation for Bid.

The Invitation for Bid will be available by Electronic Transmission only at: <http://www.fbo.gov>.

Potential bidders must be currently registered in System for Award Management to be eligible for award. (See internet site: <http://www.sam.gov>).

Payment for this acquisition will be made through the Wide Area Workflow (WAWF) System. Contractors must be registered in WAWF, see internet site: <https://wawf.eb.mil> for registration.

All responsible sources may submit an offer which will be considered by the 45th Space Wing.

KIMBERLY S. HORNER, GS-12
Contracting Officer
