--------------------	--	--------------------

Wide Area Workflow (WAWF) is a secure web based system for electronic invoicing, receipt, and acceptance. WAWF allows government vendors to submit and track invoices and receipt/acceptance documents over the web and allows government personnel to process those invoices in a real-time, paperless environment.

WAWF is in accordance with the 2001 National Defense Authorization Act (DFARS 252.232-7003/252.232-7006 Electronic Submission of Payment Requests - January 2004) which requires claims for payment under a Department of Defense Contract to be submitted in electronic form.

As of March 03, 2008, DOD has issued a final rule amending the Defense Federal Acquisition Regulation supplement (DFARS) to require use of the Wide Area Workflow as the only acceptable electronic system for submitting requests for payment (invoices and receiving reports) under DOD contracts.

Government credit card would not be utilized for this purchase request. All payments will be processed and submitted through WAWF "only".

When creating invoice in WAWF Contractor "must" input DoDAAC# SL0700 under Service Acceptor field. Otherwise the payment wouldn't be process on time.

(1) Unless exempted by an addendum to this contract, the Contractor is responsible during performance and through final payment of any contract for the accuracy and completeness of the data within the SAM database, and for any liability resulting from the Government's reliance on inaccurate or incomplete data. To remain registered in the SAM database after the initial registration, the Contractor is required to review and update on an annual basis from the date of initial registration or subsequent updates its information in the SAM database to ensure it is current, accurate and complete. Updating information in the SAM does not alter the terms and conditions of this contract and is not a substitute for a properly executed contractual document.

(2)

(i) If a Contractor has legally changed its business name, "doing business as" name, or division name (whichever is shown on the contract), or has transferred the assets used in performing the contract, but has not completed the necessary requirements regarding novation and change-of-name agreements in Subpart 42.12, the Contractor shall provide the responsible Contracting Officer a minimum of one business day's written notification of its intention to:

(A) Change the name in the SAM database;

(B) Comply with the requirements of Subpart 42.12 of the FAR;

(C) Agree in writing to the timeline and procedures specified by the responsible Contracting Officer. The Contractor must provide with the notification sufficient documentation to support the legally changed name.

(ii) If the Contractor fails to comply with the requirements of paragraph (t)(2)(i) of this clause, or fails to perform the agreement at paragraph (t)(2)(i)(C) of this clause, and, in the absence of a properly executed novation or change-of-name agreement, the SAM information that shows the Contractor to be other than the Contractor indicated in the contract will be considered to be incorrect information within the meaning of the "Suspension of Payment" paragraph of the electronic funds transfer (EFT) clause of this contract.

(3) The Contractor shall not change the name or address for EFT payments or manual payments, as appropriate, in the SAM record to reflect an assignee for the purpose of assignment of claims (see FAR Subpart 32.8, Assignment of Claims). Assignees shall be separately registered in the SAM database. Information provided to the Contractor's SAM record that indicates payments, including those made by EFT, to an ultimate recipient other than that Contractor will be considered to be incorrect information within the meaning of the "Suspension of payment" paragraph of the EFT clause of this contract.

(4) Offerors and Contractors may obtain information on registration and annual confirmation requirements via SAM accessed through <https://www.acquisition.gov>.

(u) Unauthorized Obligations. (1) Except as stated in paragraph (u)(2) of this clause, when any supply or service acquired under this contract is subject to any End Use License Agreement (EULA), Terms of Service (TOS), or similar legal instrument or agreement, that includes any clause requiring the Government to indemnify the Contractor or any person or entity for damages, costs, fees, or any other loss or liability that would create an Anti-Deficiency Act violation (31 U.S.C. 1341), the following shall govern:

(i) Any such clause is unenforceable against the Government.

(ii) Neither the Government nor any Government authorized end user shall be deemed to have agreed to such clause by virtue of it appearing in the EULA, TOS, or similar legal instrument or agreement. If the EULA, TOS, or similar legal instrument or agreement is invoked through an "I agree" click box or other comparable mechanism (e.g., "click-wrap" or "browse-wrap" agreements), execution does not bind the Government or any Government authorized end user to such clause.

(iii) Any such clause is deemed to be stricken from the EULA, TOS, or similar legal instrument or agreement.

(1) Paragraph (u)(1) of this clause does not apply to indemnification by the Government that is expressly authorized by statute and specifically authorized under applicable agency regulations and procedures.

(1) () Are, () are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(3) () Are, () are not presently indicted for, or otherwise criminally or civilly charged by a Government entity with, commission of any of these offenses enumerated in paragraph (h)(2) of this clause; and

(4) () Have, () have not, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds \$3,000 for which the liability remains unsatisfied.

(i) Taxes are considered delinquent if both of the following criteria apply:

(A) The tax liability is finally determined. The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(B) The taxpayer is delinquent in making payment. A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) Examples.

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. §6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. §6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. §6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. §362 (the Bankruptcy Code).

(i) Certification Regarding Knowledge of Child Labor for Listed End Products (Executive Order 13126). [The Contracting Officer must list in paragraph (i)(1) any end products being acquired under this solicitation that are included in the List of Products Requiring Contractor Certification as to Forced or Indentured Child Labor, unless excluded at 22.1503(b).]

(a) The Government will award a contract resulting from this solicitation to the responsible offeror whose offer conforming to the solicitation will be most advantageous to the Government, price and other factors considered. The following factors shall be used to evaluate offers:

CONTINUED ON NEXT PAGE

1) Factor 1 - "Technical Service Capability". To be technically acceptable, the Contractors shall provide "ISO 9001:2015 Certification". In addition, the contractor shall provide a technical write up addressing the PWS including number of participants and schedule/timeline for audit process.

Factors 1 - "Technical Service Capability", will be rated in accordance with the following table

<i>Technical Acceptable/Unacceptable Rating Method</i>	
<i>Adjectival Rating</i>	<i>Description</i>
<i>Acceptable</i>	<i>Proposal meets the requirements of the solicitation</i>
<i>Unacceptable</i>	<i>Proposal does not meet the requirements of the solicitation</i>

Factor 2 - "Past Performance Acceptability". To be technically acceptable, the Contractor shall submit with its offer at least two (2) but no more than four (4) previously awarded and completed contracts of similar size and scope that are deemed to meet recency, relevancy and quality requirements. For this acquisition, recency refers to contracts awarded and completed within the last three (3) years as of the closing date of the solicitation. Relevancy refers to contracts of similar size to this acquisition to ISO 9001:2015 Certification. Quality refers to contracts that were satisfactorily completed within their designated periods of performance. All submissions shall include the following information:

- a. The name of the construction contract, and the contract ID number;
- b. The name of the contracting agency or organization the contract was awarded by;
- c. The date of the construction contract award, and the contract award amount in dollars;
- d. The date of the construction contract completion, and the final contract amount, in dollars;
- e. A brief description of the construction contract scope of work; and
- f. Identification of at least one point-of-contact at the organization that awarded the submitted contract, including: the name of the point-of-contact; their current mailing address; phone number; and email address (if applicable).

Factor 2, Past Performance Acceptability, will be rated in accordance with the following table:

<i>Past Performance Acceptable/Unacceptable Rating Method</i>	
<i>Adjectival Rating</i>	<i>Description</i>
<i>Acceptable (A)</i>	<i>Based on the offeror's performance record, the Government has a reasonable expectation that the offeror will successfully perform the required effort, or the offeror's performance record is unknown. (See note below)</i>
<i>Unacceptable (U)</i>	<i>Based on the offeror's performance record, the Government does not have a reasonable expectation that the offeror will be able to successfully perform the required effort.</i>

NOTE: In the case of an offeror without a record of relevant past performance or for whom information on past performance is not available or so sparse that no meaningful past performance rating can be reasonably assigned, the offeror may not be evaluated favorably or unfavorably on past performance (see FAR 15.305 (a)(2)(iv)). Therefore, the offeror shall be determined to have unknown (or "neutral") past performance. In the context of acceptability/unacceptability, a neutral rating shall be considered "acceptable."

Note: Proposals that are not rated Technically Acceptable for all non-price factors will be removed from consideration.

Price. If a proposal has been determined acceptable, the Government will then evaluate the proposals for the lowest price. The proposal will be evaluated to determine whether the offeror's prices are realistic, accurate, and reasonable.\

AWARD: In accordance with the LPTA procedures and the information contained in Sections L and M above, Contract Award will be made to the responsible vendor that offers the lowest priced Technically Acceptable Quote.
