Farah Surin: farah.surin@spaceforce.mil

Combined Synopsis/Solicitation

2. This is a Firm-Fixed Price (FFP) requirement. A FFP contract provides for a price that is not subject to any adjustment on the basis of the contractor's cost experience in performing the contract. To be eligible for contract award, the vendor shall have an active System for Award Management (SAM) account. Failure to have an active SAM registration may result in the vendor being deemed ineligible for contract award. Vendor shall provide Commercial and Government Entity (CAGE) number at time of submitting a quote.

3. Questions shall be submitted by email to the personnel noted above. All questions are due no later than Monday 20 September 2021, at 1200 hours MST.

4. Late quotes shall be processed in accordance with FAR 52.212(f) - Late submissions, modifications, revisions, and withdrawals of offers.

FAR Provision 52.212-2, Evaluation -- Commercial Items, applies to this acquisition. As prescribed in FAR 12.301(c), the following addendum is provided for this solicitation and hereby amends any language therein

Evaluation Criteria

A. Basis for Contract Award: The Government intends to award a contract resulting from this solicitation to the responsible vendor whose offer conforming to the solicitation will be most advantageous to the Government, considering the factors listed in this provision.

1. In accordance with FAR 13.106-2(b)(3), the Government will utilize comparative evaluations, and give preliminary consideration to all offers received in response to this solicitation. The Government will identify from all evaluated quotes, readily discernible value indicators that fall within the parameters of price, and technical capability. Therefore, the Government reserves the right to select an awardee that provides benefit to the Government that exceeds the minimum outlined standards, but is not obligated to do so. Additionally, the Government is not bound to select an awardee whose quote may exceed the minimum requirement, but whose additional value or benefit is not deemed substantial enough by the Government evaluation team.

2. The Government award decision is not limited to the quote that only meets the minimum described in the technical factor and provides the lowest price. However, if no quotes received in response to the solicitation exceed the minimum criteria outlined in this provision, as determined by the Government evaluation team; then the Government intends to award a contract to the lowest priced offer than meets the instructions outlined in 52.212-1, and the minimum requirements outlined in this provision, whose price can be determined both "fair and reasonable" and "realistic" by the Contracting Officer.

3. The Government intends to make an award without conducting exchanges with vendors after the close of the solicitation. Therefore, vendors should provide their best available pricing to the Government in their initial quote. However, the Government reserves the right to enter into exchanges with all, some, or none of the offers at any time during the evaluation period if deemed in the best interests of the Government to do so.

B. Evaluation Factors: The following factors shall be used to evaluate quotes:

Combined Synopsis/Solicitation

1. Price
2. Technical Acceptability
3. Past Performance

The evaluation method for this requirement will be Lowest Price Technically Acceptable.

C. A written notice of award, mailed or otherwise furnished to the successful vendor within the time for acceptance outlined in 52.212-1 shall result in a binding contract without further action by either party. Before the quotes specified expiration time, the Government may accept a quote (or part of a quote), whether or not there are exchanges after its receipt, unless a written notice of withdrawal is received before award.
