(2) Failure to agree upon these overtime rates shall be treated as a dispute under the Disputes clause of this contract.

(3) If the Schedule provided rates for overtime, the premium portion of those rates will be reimbursable only to the extent the overtime is approved by the Contracting Officer.

SOLICITATION PROVISIONS

requirements in paragraph (i)(1)(ii)(B) of this clause: TBD and cited at the call level. (2) Indirect Costs (Material handling, Subcontract Administration, etc.). The Government will reimburse the Contractor for indirect costs on a pro-rata basis over the period of contract performance at the following fixed price: TBD and cited at the call level.

(2) Total cost. It is estimated that the total cost to the Government for the performance of this contract shall not exceed the ceiling price set forth in the Schedule and the Contractor agrees to use its best efforts to perform the work specified in the Schedule and all obligations under this contract within such ceiling price. If at any time during the performance of this contract, the Contractor has reason to believe that the total price to the Government for performing this contract will be substantially greater or less than the then stated ceiling price, the Contractor shall so notify the Contracting Officer, giving a revised estimate of the total price for performing this contract, with supporting reasons and documentation. If at any time during performance of this contract, the Government has reason to believe that the work to be required in performing this contract will be substantially greater or less than the stated ceiling price, the Contracting Officer will so advise the Contractor, giving the then revised estimate of the total amount of effort to be required under the contract.

(3) Ceiling price. The Government will not be obligated to pay the Contractor any amount in excess of the ceiling price in the Schedule, and the Contractor shall not be obligated to continue performance if to do so would exceed the ceiling price set forth in the Schedule, unless and until the Contracting Officer notifies the contractor in writing that the ceiling price has been increased and specifies in the notice a revised ceiling that shall constitute the ceiling price for performance under this contract. When and to the extent that the ceiling price set forth in the Schedule has been increased, any hours expended and material costs incurred by the Contractor in excess of the ceiling price before the increase shall be allowable to the same extent as if the hours expended and material costs had been incurred after the increase in the ceiling price.

(4) Access to records. At any time before final payment under this contract, the Contracting Officer (or authorized representative) will have access to the following (access shall be limited to the listing below unless otherwise agreed to by the Contractor and the Contracting Officer):

(i) Records that verify that the employees whose time has been included in any invoice met the qualifications for the labor categories specified in the contract.

(ii) For labor hours (including any subcontractor hours reimbursed at the hourly rate in the schedule), when timecards are required as substantiation for payment-

(A) The original timecards (paper-based or electronic);

(B) The Contractor's timekeeping procedures;

(5) Overpayments/Underpayments. Each payment previously made shall be subject to reduction to the extent of amounts, on preceding invoices, that are found by the Contracting Officer not to have been properly payable and shall also be subject to reduction for overpayments or to increase for underpayments. The Contractor shall promptly pay any such reduction within 30 days unless the parties agree otherwise. The Government within 30 days will pay any such increases, unless the parties agree otherwise. The Contractor's payment will be made by check. If the Contractor becomes aware of a duplicate invoice payment or that the Government has otherwise overpaid on an invoice payment, the Contractor shall-

(iii) Final Decisions. The Contracting Officer will issue a final decision as required by 33.211 if-

(A) The Contracting Officer and the Contractor are unable to reach agreement on the existence or amount of a debt in a timely manner;

SOLICITATION PROVISIONS

(B) The Contractor fails to liquidate a debt previously demanded by the Contracting Officer within the timeline specified in the demand for payment unless the amounts were not repaid because the Contractor has requested an installment payment agreement; or

(C) The Contractor requests a deferment of collection on a debt previously demanded by the Contracting Officer (see FAR 32.60702).

(iv) If a demand for payment was previously issued for the debt, the demand for payment included in the final decision shall identify the same due date as the original demand for payment.

(v) Amounts shall be due at the earliest of the following dates:

(A) The date fixed under this contract.

(B) The date of the first written demand for payment, including any demand for payment resulting from a default termination.

(vi) The interest charge shall be computed for the actual number of calendar days involved beginning on the due date and ending on-

(A) The date on which the designated office receives payment from the Contractor;

(B) The date of issuance of a Government check to the Contractor from which an amount otherwise payable has been withheld as a credit against the contract debt; or

(viii) Upon receipt and approval of the invoice designated by the Contractor as the "completion invoice" and supporting documentation, and upon compliance by the Contractor with all terms of this contract, any outstanding balances will be paid within 30 days unless the parties agree otherwise. The completion invoice, and supporting documentation, shall be submitted by the Contractor as promptly as practicable following completion of the work under this contract, but in no event later than 1 year (or such longer period as the Contracting Officer may approve in writing) from the date of completion.

(7) Release of claims. The Contractor, and each assignee under an assignment entered into under this contract and in effect at the time of final payment under this contract, shall execute and deliver, at the time of and as a condition precedent to final payment under this contract, a release discharging the Government, its officers, agents, and employees of and from all liabilities, obligations, and claims arising out of or under this contract, subject only to the following exceptions.

(i) Specified claims in stated amounts, or in estimated amounts if the amounts are not susceptible to exact statement by the Contractor.

SOLICITATION PROVISIONS

(ii) Claims, together with reasonable incidental expenses, based upon the liabilities of the Contractor to third parties arising out of performing this contract, that are not known to the Contractor on the date of the execution of the release, and of which the Contractor gives notice in writing to the Contracting Officer not more than 6 years after the date of the release or the date of any notice to the Contractor that the Government is prepared to make final payment, whichever is earlier.

(iii) Claims for reimbursement of costs (other than expenses of the Contractor by reason of its indemnification of the Government against patent liability), including reasonable incidental expenses, incurred by the Contractor under the terms of this contract relating to patents.

(8) Prompt payment. The Government will make payment in accordance with the Prompt Payment Act (31 U.S.C 3903) and prompt payment regulations at 5 CFR part 1315.

(9) Electronic Funds Transfer (EFT). If the Government makes payment by EFT, see 52.212-5(b) for the appropriate EFT clause.

(10) Discount. In connection with any discount offered for early payment, time shall be computed from the date of the invoice. For the purpose of computing the discount earned, payment shall be considered to have been made on the date that appears on the payment check or the specified payment date if an electronic funds transfer payment is made.

(j) Risk of loss. Unless the contract specifically provides otherwise, risk of loss or damage to the supplies provided under this contract shall remain with the Contractor until, and shall pass to the Government upon:

(k) Taxes. The contract price includes all applicable Federal, State, and local taxes and duties.

(l) Termination for the Government's convenience. The Government reserves the right to terminate this contract, or any part hereof, for its sole convenience. In the event of such termination, the Contractor shall immediately stop all work hereunder and shall immediately cause any and all of its suppliers and subcontractors to cease work. Subject to the terms of this contract, the Contractor shall be paid an amount for direct labor hours (as defined in the Schedule of the contract) determined by multiplying the number of direct labor hours expended before the effective date of termination by the hourly rate(s) in the contract, less any hourly rate payments already made to the Contractor plus reasonable charges the Contractor can demonstrate to the satisfaction of the Government using its standard record keeping system that have resulted from the termination. The Contractor shall not be required to comply with the cost accounting standards or contract cost principles for this purpose. This paragraph does not give the Government any right to audit the Contractor's records. The Contractor shall not be paid for any work performed or costs incurred that reasonably could have been avoided.

(m) Termination for cause. The Government may terminate this contract, or any part hereof, for cause in the event of any default by the Contractor, or if the Contractor fails to comply with any contract terms and conditions, or fails to provide the Government, upon written request, with adequate assurances of future performance. Subject to the terms of this contract, the Contractor shall be paid an amount computed under paragraph (i) Payments of this clause, but the "hourly rate" for labor hours expended in furnishing work not delivered to or accepted by the Government shall be reduced to exclude that portion of the rate attributable to profit. Unless

SOLICITATION PROVISIONS

otherwise specified in paragraph (a)(4) of this clause, the portion of the "hourly rate" attributable to profit shall be 10 percent. In the event of termination for cause, the Contractor shall be liable to the Government for any and all rights and remedies provided by law. If it is determined that the Government improperly terminated this contract for default, such termination shall be deemed a termination for convenience.

(n) Title. Unless specified elsewhere in this contract, title to items furnished under this contract shall pass to the Government upon acceptance, regardless of when or where the Government takes physical possession.

(o) Warranty. The Contractor warrants and implies that the items delivered hereunder are merchantable and fit for use for the particular purpose described in this contract.

(p) Limitation of liability. Except as otherwise provided by an express warranty, the Contractor will not be liable to the Government for consequential damages resulting from any defect or deficiencies in accepted items.

(q) Other compliances. The Contractor shall comply with all applicable Federal, State and local laws, executive orders, rules and regulations applicable to its performance under this contract.

(r) Compliance with laws unique to Government contracts. (i) Any such clause is unenforceable against the Government.

(ii) Neither the Government nor any Government authorized end user shall be deemed to have agreed to such clause by virtue of it appearing in the EULA, TOS, or similar legal instrument or agreement. If the EULA, TOS, or similar legal instrument or agreement is invoked through an "I agree" click box or other comparable mechanism (e.g., "click-wrap" or "browse-wrap" agreements), execution does not bind the Government or any Government authorized end user to such clause.

(iii) Any such clause is deemed to be stricken from the EULA, TOS, or similar legal instrument or agreement.

(2) Paragraph (u)(1) of this clause does not apply to indemnification by the Government that is expressly authorized by statute and specifically authorized under applicable agency regulations and procedures.

The prior, express written permission of the Contracting Officer is required to assert copyright in all other data first produced in the performance of this contract.

(ii) When authorized to assert copyright to the data, the Contractor shall affix the applicable copyright notices of 17 U.S.C. 401 or 402, and acknowledgment of Government sponsorship (including contract number).

(1) As prohibited by Federal law or regulation (e.g., export control or national security laws or regulations);

(2) As expressly set forth in this contract; or

(3) If the Contractor receives or is given access to data necessary for the performance of this contract which contain restrictive markings, the Contractor shall treat the data in accordance with such markings unless otherwise specifically authorized otherwise in writing by the Contracting Officer.

(e) Unauthorized marking of data.

(1) Notwithstanding any other provisions of this contract concerning inspection or acceptance, if any data delivered under this contract are marked with the notices specified in paragraph (g)(3) or (g)(4) of this clause and use of the notices is not authorized by this clause, or if such data bears any other restrictive or limiting markings not authorized by this contract, the Contracting Officer may at any time either return the data to the Contractor, or cancel or ignore the markings. However, pursuant to 41 U.S.C. 4703, the following procedures shall apply prior to canceling or ignoring the markings.

(i) The Contracting Officer will make written inquiry to the Contractor affording the Contractor 60 days from receipt of the inquiry to provide written justification to substantiate the propriety of the markings;

(ii) If the Contractor fails to respond or fails to provide written justification to substantiate the propriety of the markings within the 60-day period (or a longer time approved in writing by the Contracting Officer for good cause shown), the Government shall have the right to cancel or ignore the markings at any time after said period and the data will no longer be made subject to any disclosure prohibitions.

(iii) If the Contractor provides written justification to substantiate the propriety of the markings within the period set in subdivision (e)(1)(i) of this clause, the Contracting Officer will consider such written justification and determine whether or not the markings are to be canceled or ignored. If the Contracting Officer determines that the markings are authorized, the Contractor will be so notified in writing. If the Contracting Officer determines, with concurrence of the head of the contracting activity, that the markings are not authorized, the Contracting Officer will furnish the Contractor a written determination, which determination shall become the final agency decision regarding the appropriateness of the markings unless the Contractor files suit in a court of competent jurisdiction within 90 days of receipt of the Contracting

SOLICITATION PROVISIONS

Officer's decision. The Government shall continue to abide by the markings under this paragraph (e)(1)(iii) until final resolution of the matter either by the Contracting Officer's determination becoming final (in which instance the Government will thereafter have the right to cancel or ignore the markings at any time and the data will no longer be made subject to any disclosure prohibitions), or by final disposition of the matter by court decision if suit is filed.

(2) The time limits in the procedures set forth in subparagraph (e)(1) of this clause may be modified in accordance with agency regulations implementing the Freedom of Information Act (5 U.S.C. 552) if necessary to respond to a request thereunder.

(3) Except to the extent the Government's action occurs as the result of final disposition of the matter by a court of competent jurisdiction, the Contractor is not precluded by paragraph (e) of this clause from bringing a claim, in accordance with the Disputes clause of this contract, that may arise as a result of the Government removing or ignoring authorized markings on data delivered under this contract.

(f) Omitted or incorrect markings.

(1) Data delivered to the Government without any restrictive markings shall be deemed to have been furnished with unlimited rights. The Government is not liable for the disclosure, use, or reproduction of such data.

(2) If the unmarked data has not been disclosed without restriction outside the Government, the Contractor may request, within 6 months (or a longer time approved by the Contracting Officer in writing for good cause shown) after delivery of such data, permission to have authorized notices placed on qualifying data at the Contractor's expense, and the Contracting Officer may agree to do so if the Contractor-

(i) Permit correction of the notice at the Contractor's expense if the Contractor identifies the data and demonstrates that the correct notice is authorized, or

(ii) Correct any incorrect notices.

(g) Protection of limited rights data and restricted computer software.

(1) The Contractor may withhold from delivery qualifying limited rights data or restricted computer software that are not data identified in paragraphs (b)(1)(i), (ii), and (iii) of this clause. As a condition to this withholding, the Contractor shall-

(i) Identify the data being withheld; and

(ii) Furnish form, fit, and function data instead.

(2) Limited rights data that are formatted as a computer database for delivery to the Government shall be treated as limited rights data and not restricted computer software.

(3) [Reserved]

(h) Subcontracting. The Contractor shall obtain from its subcontractors all data and rights therein necessary to fulfill the Contractor's obligations to the Government under this contract. If a subcontractor refuses to accept terms affording the Government such rights, the Contractor shall promptly notify the Contracting Officer of the refusal and shall not proceed with the subcontract award without authorization in writing from the Contracting Officer.

(i) Relationship to patents or other rights. Nothing contained in this clause shall imply a license to the Government under any patent or be construed as affecting the scope of any license or other right otherwise granted to the Government.

(b) The acceleration of payments under this clause does not provide any new rights under the Prompt Payment Act.

(c) Include the substance of this clause, including this paragraph (c), in all subcontracts with small business concerns, including subcontracts with small business concerns for the acquisition of commercial items.

10. FAR 52.233-03 PROTEST AFTER AWARD (Aug 1996)

The order shall be specifically identified as a stop-work order issued under this clause. Upon receipt of the order, the Contractor shall immediately comply with its terms and take all reasonable steps to minimize the incurrence of costs allocable to the work covered by the order during the period of work stoppage. Upon receipt of the final decision in the protest, the Contracting Officer shall either--

(1) Cancel the stop-work order; or

(2) Terminate the work covered by the order as provided in the Default, or the Termination for Convenience of the Government, clause of this contract.

(b) If a stop-work order issued under this clause is canceled either before or after a final decision in the protest, the Contractor shall resume work. The Contracting Officer shall make an equitable adjustment in the delivery schedule or contract price, or both, and the contract shall be modified, in writing, accordingly, if--

(1) The stop-work order results in an increase in the time required for, or in the Contractor's cost properly allocable to, the performance of any part of this contract; and

SOLICITATION PROVISIONS

(2) The Contractor asserts its right to an adjustment within 30 days after the end of the period of work stoppage; provided, that if the Contracting Officer decides the facts justify the action, the Contracting Officer may receive and act upon a proposal at any time before final payment under this contract.

(c) If a stop-work order is not canceled and the work covered by the order is terminated for the convenience of the Government, the Contracting Officer shall allow reasonable costs resulting from the stop-work order in arriving at the termination settlement.

(d) If a stop-work order is not canceled and the work covered by the order is terminated for default, the Contracting Officer shall allow, by equitable adjustment or otherwise, reasonable costs resulting from the stop-work order.

(e) The Government's rights to terminate this contract at any time are not affected by action taken under this clause.

(f) If, as the result of the Contractor's intentional or negligent misstatement, misrepresentation, or miscertification, a protest related to this contract is sustained, and the Government pays costs, as provided in FAR 33.102(b)(2) or 33.104(h)(1), the Government may require the Contractor to reimburse the Government the amount of such costs. In addition to any other remedy available, and pursuant to the requirements of Subpart 32.6, the Government may collect this debt by offsetting the amount against any payment due the Contractor under any contract between the Contractor and the Government.

(6) Storage.

(i) The Contractor shall store the property identified on an inventory disposal schedule pending receipt of disposal instructions. The Government's failure to furnish disposal instructions within 120 days following acceptance of an inventory disposal schedule may entitle the Contractor to an equitable adjustment for costs incurred to store such property on or after the 121st day.

(ii) The Contractor shall obtain the Plant Clearance Officer's approval to remove property from the premises where the property is currently located prior to receipt of final disposition instructions. If approval is granted, any costs incurred by the Contractor to transport or store the property shall not increase the price or fee of any Government contract. The storage area shall be appropriate for assuring the property's physical safety and suitability for use. Approval does not relieve the Contractor of any liability for such property under this contract.

(b) Adequate security. The Contractor shall provide adequate security on all covered contractor information systems. To provide adequate security, the Contractor shall implement, at a minimum, the following information security protections:

(1) For covered contractor information systems that are part of an Information Technology (IT) service or system operated on behalf of the Government, the following security requirements apply:

(i) Cloud computing services shall be subject to the security requirements specified in the clause 252.239-7010, Cloud Computing Services, of this contract.

SOLICITATION PROVISIONS

(ii) Any other such IT service or system (i.e., other than cloud computing) shall be subject to the security requirements specified elsewhere in this contract.

(2) For covered contractor information systems that are not part of an IT service of system operated on behalf of the Government and therefore are not subject to the security requirement specified at paragraph (b)(1) of this clause, the following security requirements apply:

(i) Except as provided in paragraph (b)(2)(ii) of this clause, the covered contractor information system shall be subject to the security requirements in National Institute of Standards and Technology (NIST) Special Publication (SP) 800-171, "Protecting Controlled Unclassified Information in Nonfederal Information Systems and Organizations," (available via the Internet at <http://dx.doi.org/10.6028/NIST.SP.800-171>) in effect at the time the solicitation is issued or as authorized by the Contracting Officer.

The Contractor need not implement any security requirement adjudicated by an authorized representative of the DoD CIO to be nonapplicable or to have an alternative, but equally effective, security measure that may be implemented in its place.

(C) If the DoD CIO has previously adjudicated the contractor's requests indicating that a requirement is not applicable or that an alternative security measure is equally effective, a copy of that approval shall be provided to the Contracting Officer when requesting its recognition under this contract.

(D) If the Contractor intends to use an external cloud service provider to store, process, or transmit any covered defense information in performance of this contract, the Contractor shall require and ensure that the cloud service provider meets security requirements equivalent to those established by the Government for the Federal Risk and Authorization Management Program (FedRAMP) Moderate baseline (<https://www.fedramp.gov/resources/documents/>) and that the cloud service provider complies with requirements in paragraphs (c) through (g) of this clause for cyber incident reporting, malicious software, media preservation and protection, access to additional information and equipment necessary for forensic analysis, and cyber incident damage assessment.

(3) Apply other information systems security measures when the Contractor reasonably determines that information systems security measures, in addition to those identified in paragraphs (b)(1) and (2) of this clause, may be required to provide adequate security in a dynamic environment or to accommodate special circumstances (e.g., medical devices) and any individual, isolated, or temporary deficiencies based on an assessed risk or vulnerability. These measures may be addressed in a system security plan.

(c) Cyber incident reporting requirement.

(1) When the Contractor discovers a cyber incident that affects a covered contractor information system or the covered defense information residing therein, or that affects the contractor's ability to perform the requirements of the contract that are designated as operationally critical support and identified in the contract, the Contractor shall—

Do not send the malicious software to the Contracting Officer.

(e) Media preservation and protection. When a Contractor discovers a cyber incident has occurred, the Contractor shall preserve and protect images of all known affected information systems identified in paragraph (c)(1)(i) of this clause and all relevant monitoring/packet capture data for at least 90 days from the submission of the cyber incident report to allow DoD to request the media or decline interest.

(g) Cyber incident damage assessment activities. If DoD elects to conduct a damage assessment, the Contracting Officer will request that the Contractor provide all of the damage assessment information gathered in accordance with paragraph (e) of this clause.

(h) DoD safeguarding and use of contractor attributional/proprietary information. The Government shall protect against the unauthorized use or release of information obtained from the contractor (or derived from information obtained from the contractor) under this clause that includes contractor attributional/proprietary information, including such information submitted in accordance with paragraph (c). To the maximum extent practicable, the Contractor shall identify and mark attributional/proprietary information. In making an authorized release of such information, the Government will implement appropriate procedures to minimize the contractor attributional/proprietary information that is included in such authorized release, seeking to include only that information that is necessary for the authorized purpose(s) for which the information is being released.

(i) Use and release of contractor attributional/proprietary information not created by or for DoD. (k) The Contractor shall conduct activities under this clause in accordance with applicable laws and regulations on the interception, monitoring, access, use, and disclosure of electronic communications and data.

(l) Other safeguarding or reporting requirements. The safeguarding and cyber incident reporting required by this clause in no way abrogates the Contractor’s responsibility for other safeguarding or cyber incident reporting pertaining to its unclassified information systems as required by other applicable clauses of this contract, or as a result of other applicable U.S. Government statutory or regulatory requirements.

(m) Subcontracts. The Contractor shall—

(1) Include this clause, including this paragraph (m), in subcontracts, or similar contractual instruments, for operationally critical support, or for which subcontract performance will involve covered defense information, including subcontracts for commercial items, without alteration, except to identify the parties. 34. RVK-0001 COMMERCIAL SOFTWARE LICENSE(S) (Mar 2018)

In accordance with this clause, the Offeror/Contractor (hereinafter, "Contractor") shall provide license agreement information for all COMMERCIAL computer software licenses to be obtained on behalf of or transferred to the US Government under this contract. In this arrangement, the Government may ultimately become the Licensee in certain COMMERCIAL computer software licenses, which software is specifically defined at DFARS 252.227-7014(a)(1). In order to permit the Government to become a Licensee in the COMMERCIAL computer software licenses, said licenses must conform to the terms and conditions specified below.

COMMERCIAL computer software licenses shall be provided to the Government Contracting Officer concurrent with proposal submission to the extent said licenses are known at the time an offer is submitted to the Government-or otherwise as soon as said licenses become known by the Contractor.

The terms and conditions specified below shall take precedence over any and all conflicting or otherwise inconsistent terms and conditions defined in any and all COMMERCIAL computer software licenses intended for the Government to become a Licensee. In order to simplify the process of conforming software licenses to the terms and conditions specified herein, it is not necessary to edit or otherwise modify the licenses-rather the terms and conditions specified herein shall be hereby incorporated by reference into the licenses and/or otherwise implied therein.

Applicability to subcontractor, vendor or supplier ultimately providing COMMERCIAL computer software or software documentation to the Government for which the Government may become a Licensee.

The terms and conditions required to permit any COMMERCIAL computer software licenses to be transferred to the Government (e.g., Government to become a Licensee) include the following: [Notice: At the Government's sole discretion, the Contractor may be excused from any one or more of the following terms and conditions]

1. Any software license shall be perpetual in nature and may not be unilaterally terminated by the Licensor.
2. The software license shall not reference that the Licensee is using certain software products in any notification to the public without express written permission from the Government (e.g., no publicity rights permitted).
3. The Licensee is a Federal entity governed by Federal Statutes, Case Law, and Federal Regulations. Therefore, the software license shall not make reference to binding the Licensee through any laws of any municipality, state, or foreign country.
4. The software license shall not include any clauses indicating a right to enter the premise of Licensee for the purpose of auditing the use of any software license, as the Licensee cannot allow an auditor physical access to the Licensee's facility due to security concerns. The software license may permit a written notice to be provided to Licensee indicating a substantiated belief that the Licensee is not using the software within the terms described in the license and the Licensee may consider conducting its own internal audit and providing a certified statement of its findings to an appropriate Requestor.
5. The software license shall not include any integration clauses operative to void terms in an underlying basic contract. For example, the terms of software license shall not be defined as the total agreement of the parties.
6. The software license shall not include any clauses that in any way restrict assignment to the Government and/or restrict a Licensee (Contractor) from maintaining its status as a Licensee while at the same time permitting usage of related software by the Government.
7. The license shall not comment on the entitlement to attorney fees in the event of a dispute.
8. The license shall not disclaim all warranties through use of an "as is" provision.

9. The license shall not restrict the Government from using the product at various sites (i.e., applicable to a product-type license for a movable product, as opposed to a site-specific license for a non-movable product) nor use of the product by various Government agencies or third parties performing work on behalf of the Air Force under the DevSecOps Pipeline & Platform Integration & Licensing Services. In performance of the DevSecOps Pipeline & Platform Integration & Licensing Services, Government personnel as well as Government contractors may use the software. Additionally, the software may be used at Government sites and Government contractor sites and the sites may change over time. Thus, the software license shall be flexible to accommodate this situation if applicable.

10. The license shall not include non-substitution language that would preclude or limit the Government from switching to another vendor/reseller and/or another product to fulfill DevSecOps Pipeline & Platform Integration & Licensing Services requirements.

11. The following clauses (and no other) shall supersede all dispute clauses in the software license agreement(s) and shall be operative in dispute resolution:

a) Since the Licensee is a Government entity, any dispute arising from or in connection with this agreement shall be subject to resolution in accordance with the Disputes Clause included in the basic contract and/or the Government may also consider resolving any disputes using an appropriate Alternate Dispute Resolution (ADR) remedy; and

b) The software license shall not include any injunctive relief clauses as the Licensor cannot prevent the Licensee from performing mission operations. However, the Licensor may seek monetary damages.

12. Contractor shall provide a listing of license renewal dates and associated fees/costs if applicable.

13. Contractor shall provide a listing and copies of all commercial computer software licenses related to this Government Contract No. _____.

14. The Contractor shall provide documentation to clearly correlate or map software license(s) to:

a) Contract Line Item Numbers (CLINS);

b) Contract Deliverables (CDRLS);

c) Paragraphs in the statement of work (SOW); and/or

d) Portions of any functional block diagrams and/or system architecture diagrams, so that it can be readily determined where certain COMMERCIAL computer software corresponding to certain software license(s) are physically located on the system to be delivered under the contract.

15. The software license(s) shall not include any provisions that are inconsistent with "Requirements" defined in the present solicitation and/or any related contract.

16. The software license(s) shall not include any provisions operative to claim ownership rights in any Government Furnished Information (GFI) notwithstanding whether or not the GFI may have interacted with certain software associated with the software license(s)

17. The Government reserves the right to inspect or test any software, software documentation and/or service associated with the software license(s) for compliance with the requirements defined in the present solicitation and/or any related contract. In the event that said software, software documentation and/or service are deemed non-compliant with said requirements, the Government at its discretion shall be entitled to replacement, refund and/or equitable relief

18. Consistent with the terms and conditions of this clause, the terms described below shall also be incorporated by reference to all COMMERCIAL computer software licenses with advanced notice to and/or consent of applicable subcontractors, vendors or suppliers of said computer software licenses (if applicable), for which the Government may become a Licensee:

"The Government agrees to the provisions of the present Software License, as set forth above and affixed as an attachment to this Government Contract No. _____, to the extent that the provisions of the Software License are consistent with Federal procurement law(s) and at least the Department of Defense Federal Acquisition Regulation Supplement (DFARS) section 227.7202 and said contract. In the event that any of the provisions of the present Software License are determined to be inconsistent with Federal procurement law(s); DFARS section 227.7202 and/or said contract, the parties to the present Software License hereby agree that said provision(s) shall be null and void. In the event that any of said provision(s) are rendered null and void, as described hereinabove, the remaining provision(s) of said License shall remain in full force and effect."

BLANKET PURCHASE AGREEMENT (BPA)

In the spirit of the Federal Acquisition Streamlining Act, AFLCMC/HNC, hereby referred to as HNC and (**Contractors Name TBD**) hereby agree to enter into BPA number FA8307-20-A-XXXX for the purpose of supporting the United States Air Force LevelUP (LevelUP) mission and its components. The intent is to further reduce administrative costs by acquiring commercial items and services for LevelUP, and, if successful, other program offices across the Department of Defense.

BPAs eliminate contracting and open market costs such as the search for sources, the development of technical documents and solicitations, and the evaluation of offers. This BPA will further decrease costs, reduce paperwork, and save time by eliminating the need for repetitive and individual purchases. The end-result is a purchasing mechanism for the Government that works better and costs less. There is not a ceiling limit for this BPA. The dollar limit on individual calls will be in accordance with thresholds identified in FAR Part 13 - Simplified Acquisition Procedures and/or any approved agency supplements or deviations to same. The BPA Statement of Objectives (SOO) is listed at Attachment 2 of the BPA award.

I. CALL TYPES AND LOCATIONS

Ordering activities (OA) process calls as follows:

- For calls at or below the micro-purchase threshold, an ordering activity may place calls directly with any BPA holder.
- For calls over the micro-purchase threshold and up to the simplified acquisition threshold (SAT), an ordering activity shall forward the requirement, or statement of objectives and evaluation criteria, to all eligible BPA holders.
- All calls will be issued in accordance with the Ordering Procedures outlined below.

The Government reserves the right to conduct small business set-asides. *Note that the decision on whether a particular call best fits within a small business set-aside is solely at the discretion of the Contracting Officer placing the call.* (The ordering Contracting Officer will determine whether or not a set-aside is appropriate.) BPA holders will be notified in the Request for Quote (RFQ) at the call level whether or not there will be a small business set-aside. Competitive award criteria will be established (price will always be a factor) within the RFQ at the BPA call level. Either best value/tradeoff or lowest price technically acceptable (LPTA) evaluations are authorized at the BPA call level.

In instances where a quote is requested, contractors should anticipate rapid quote submission times, usually within ten (10) days of the BPA call RFQ, however, the submission date will be specified within the RFQ.

The OA will evaluate all responses received and place the call with the BPA holder that represents best value to the Government. Factors such as technical capability, price, past performance on prior BPA calls (quality of deliverables/services, timeliness, and cost control) may be considered in determining award of individual calls. In the event the ordering Contracting Officer determines that there exists insufficient sources within the small business set-aside to provide the Government an adequate level of geographic area coverage or services, the call RFQ will be made available to all BPA holders. Ordering activities will require prospective contractors to identify potential conflicts of interest and address/resolve any concerns prior to call award.

IV. ADDITIONAL TERMS AND CONDITIONS

1. General

The terms and conditions in this BPA apply to all calls placed pursuant to it. In the event of an inconsistency between the provisions of the BPA and calls, the provisions of this BPA will take precedence. The Government reserves the unilateral right to add and remove contractors (on-ramping and off-ramping) at the BPA level during the term and performance of the BPA, see on-ramping and off-ramping procedures in paragraph 4 below.

2. Extent of Obligation

BPAs do not obligate funds. The Government is obligated only to the extent of authorized calls made under the BPAs. It is the responsibility of the individual ordering entities under the BPAs to ensure adequate funds are available.

3. Period of Performance

The ordering period for this BPA shall be five years from date of issuance. The performance period for all calls placed under this BPA shall not exceed five (5) years from the completion of the ordering period.

The Government may cancel the BPA at any time by notifying the contractor(s) at least thirty (30) days in advance. Ongoing calls continue in accordance with their own period of performance, even if the BPA is cancelled.

4. On-Ramping and Off-Ramping

A. Adding to the number of contractors eligible to compete for calls, i.e., on-ramping.

The Contacting Officer has determined that it is in the Government's best interest that at all times during the term of the BPA, there remain an adequate number of contractors eligible to compete for calls. (Adding to the number of contractors eligible to compete for calls, i.e., on-ramping.) Over time, the total number of contractors may fluctuate due to various reasons, including industry consolidation, significant changes in the marketplace or advances in technology, general economic conditions, and the Government's exercise of the off-ramp process. Recognizing this, the Government intends to periodically review the total number of contractors participating in the Ordering Process and determine whether it would be in the Government's best interest to initiate an open season to add new contractors to the Basic BPA pool.

Open Season Procedures

If it is determined that it would be in the Government's best interest to open a new solicitation to add

new contractors to the Basic BPA, the Contacting Officer may do so at any time provided that:

- (a) The solicitation is issued under then-applicable federal procurement law;
- (b) The solicitation identifies the total approximate number of new awards that the Contacting Officer intends to make. The Contacting Officer may decide to award more or fewer BPAs than the number anticipated in the solicitation depending upon the overall quality of the offers received;
- (c) Any contractor that meets the eligibility requirements set forth in the new solicitation may submit a proposal in response to the solicitation; however, existing BPA contractors may not hold more than one BPA at any time;
- (d) The award decision under any solicitation is based upon substantially the same evaluation factors as the original solicitation;
- (e) The terms and conditions of any resulting awards from a new solicitation are materially identical to the existing version of the Basic BPA;

B. Reducing the number of contractors eligible to compete for calls, i.e., off-ramping.

The Government reserves a unilateral right to discontinue offering an opportunity to compete for calls, i.e., off-ramp to non-performing or non-satisfactorily performing contractors. Contractors that are off-ramped will have no active calls under their BPA at the time of the off-ramping.

Off-ramping may result from one of the following:

- (a) Contractor Debarment, Suspension, or Ineligibility as defined in FAR Subpart 9.4.
- (b) BPA is terminated for a reason defined in FAR 52.212-4(l) and (m)
- (c) Contractor establishes a pattern, i.e., two or more instances of less than satisfactory performance as that term is defined in DoD CPARS Guidance July 2014
- (d) No awarded calls for two (2) years
- (e) No quote 5 times within 12 months (No quote is mandatory)

5. Authorized Users

Contracting Officers under AFLCMC/HNCK may place calls under this BPA.

US Citizenship is a requirement for contractor personnel performing work under this BPA, personnel must be registered in the Joint Personnel Adjudication System (JPAS) and have an appropriately adjudicated security clearance at the Top Secret / Sensitive Compartmented Information (TS/SCI) Level and must maintain the clearance required for the duration of the call. All costs associated with obtaining necessary clearances shall be borne by the contractor. The DD254 will be issued with the RFQ at the call level.

11. Administrative Considerations

The BPA Contracting Officer is the only person authorized to make or approve any changes to the requirements or terms and conditions contained in this BPA. In the event the contractor makes any BPA changes at the direction of any person other than the BPA Contracting Officer, the change will be considered to have been made without authority and no adjustment will be allowed to cover any increase in cost incurred as a result thereof.

(f) Late submissions, modifications, revisions, and withdrawals of offers.

(1) Offerors are responsible for submitting offers, and any modifications, revisions, or withdrawals, so as to reach the Government office designated in the solicitation by the time specified in the solicitation. If no time is specified in the solicitation, the time for receipt is 4:30 p.m., local time, for the designated Government office on the date that offers or revisions are due.

(2)(i) Any offer, modification, revision, or withdrawal of an offer received at the Government office designated in the solicitation after the exact time specified for receipt of offers is "late" and will not be considered unless it is received before award is made, the Contracting Officer determines that accepting the late offer would not unduly delay the acquisition; and—

(A) If it was transmitted through an electronic commerce method authorized by the solicitation, it was received at the initial point of entry to the Government infrastructure not later than 5:00 p.m. one working day prior to the date specified for receipt of offers; or

(B) There is acceptable evidence to establish that it was received at the Government installation designated for receipt of offers and was under the Government's control prior to the time set for receipt of offers; or

(C) If this solicitation is a request for proposals, it was the only proposal received.

(ii) However, a late modification of an otherwise successful offer, that makes its terms more favorable to the Government, will be considered at any time it is received and may be accepted.

(3) Acceptable evidence to establish the time of receipt at the Government installation includes the time/date stamp of that installation on the offer wrapper, other documentary evidence of receipt maintained by the installation, or oral testimony or statements of Government personnel.

(4) If an emergency or unanticipated event interrupts normal Government processes so that offers cannot be received at the Government office designated for receipt of offers by the exact time specified in the solicitation, and urgent Government requirements preclude amendment of the solicitation or other notice of an extension of the closing date, the time specified for receipt of offers will be deemed to be extended to the same time of day specified in the solicitation on the first work day on which normal Government processes resume.

(5) Offers may be withdrawn by written notice received at any time before the exact time set for receipt of offers. Oral offers in response to oral solicitations may be withdrawn orally. If the solicitation authorizes facsimile offers, offers may be withdrawn via facsimile received at any time before the exact time set for receipt of offers, subject to the conditions specified in the solicitation concerning facsimile offers. An offer may be withdrawn in person by an offeror or its authorized representative if, before the exact time set for receipt of offers, the identity of the person requesting withdrawal is established and the person signs a receipt for the offer.

(g) Contract award (not applicable to Invitation for Bids). The Government intends to evaluate offers and award a contract without discussions with offerors. Therefore, the offeror's initial offer should contain the offeror's best terms from a price and technical standpoint. However, the Government reserves the right to conduct discussions if later determined by the Contracting Officer to be necessary. The Government may reject any or all offers if such action is in the public interest; accept other than the lowest offer; and waive informalities and minor irregularities in offers received.

(h) Multiple awards. The Government may accept any item or group of items of an offer, unless the offeror qualifies the offer by specific limitations. Unless otherwise provided in the Schedule, offers may not be submitted for quantities less than those specified. The Government reserves the right to make an award on any item for a quantity less than the quantity offered, at the unit prices offered, unless the offeror specifies otherwise in the offer.

(a) Cost or pricing data requirements. After initial submission of offers, if the Contracting Officer notifies the Offeror that only one offer was received, the Offeror agrees to-

(1) Submit any additional cost or pricing data that is required in order to determine whether the price is fair and reasonable or to comply with the statutory requirement for certified cost or pricing data (10 U.S.C. 2306a and FAR 15.403-3); and

(2) Except as provided in paragraph (b) of this provision, if the acquisition exceeds the certified cost or pricing data threshold and an exception to the requirement for certified cost or pricing data at FAR 15.403-1(b)(2) through (5) does not apply, certify all cost or pricing data in accordance with paragraph (c) of DFARS provision 252.215-7010, Requirements for Certified Cost or Pricing Data and Data Other Than Certified Cost or Pricing Data, of this solicitation.

(b) Canadian Commercial Corporation. If the Offeror is the Canadian Commercial Corporation, certified cost or pricing data are not required. If the Contracting Officer notifies the Canadian Commercial Corporation that additional data other than certified cost or pricing data are required in accordance with DFARS 225.870-4(c), the Canadian Commercial Corporation shall obtain and provide the following:

(1) Profit rate or fee (as applicable).

(2) Analysis provided by Public Works and Government Services Canada to the Canadian Commercial Corporation to determine a fair and reasonable price (comparable to the analysis required at FAR 15.404-1).

(3) Data other than certified cost or pricing data necessary to permit a determination by the U.S. Contracting Officer that the proposed price is fair and reasonable [U.S. Contracting Officer to provide description of the data required in accordance with FAR 15.403-3(a)(1) with the notification].

(4) As specified in FAR 15.403-3(a)(4), an offeror who does not comply with a requirement to submit data that the U.S. Contracting Officer has deemed necessary to determine price reasonableness or cost realism is ineligible for award unless the head of the contracting activity determines that it is in the best interest of the Government to make the award to that offeror.

(c) Subcontracts. Unless the Offeror is the Canadian Commercial Corporation, the Offeror shall insert the substance of this provision, including this paragraph (c), in all subcontracts exceeding the simplified acquisition threshold defined in FAR part 2.

13. DFARS 252.215-7013 SUPPLIES AND SERVICES PROVIDED BY NONTRADITIONAL DEFENSE CONTRACTORS (Jan 2018)

Offerors are advised that in accordance with 10 U.S.C. 2380a, supplies and services provided by a nontraditional defense contractor, as defined in DFARS 212.001, may be treated as commercial items. The decision to apply commercial item procedures to the procurement of supplies and services from a nontraditional defense contractor does not require a commercial item determination and does not mean the supplies or services are commercial.
