52.212-2 -- Evaluation -- Commercial Items (Oct 2014)

The Government will award a contract resulting from this solicitation to the responsible offeror whose offer, conforming to the solicitation, will be most advantageous to the Government, price and other factors considered. The following factors shall be used to evaluate offers:

1) **Price:** Offers will be ranked and arranged by total price (lowest to highest) before the

Government assesses the technical capability. Prices are calculated as the sum total of CLINs 0001-2018 on Attachment 01.

2) Technical Acceptability: Items quoted must meet the specific requirements as listed in the requirements document and the solicitation. Ensure all relevant technical documents (specifications, manuals, pamphlets, etc.) are provided with the quote in order to evaluate technical acceptability. The Government will not search for technical documents for quoted systems.

Quotes that do not contain all relevant technical documents, prices for each CLIN, or do not meet the requirements in the Requirements Document and this solicitation will be considered unacceptable.

Table A-1. Technical Acceptable/Unacceptable Ratings	
Rating	Description
Acceptable	Quote clearly meets the minimum requirements of the solicitation.
Unacceptable	Quote does not clearly meet the minimum requirements of the solicitation.

If the lowest priced offer is determined to be technically acceptable, that offer represents the best value for the Government and the evaluation process stops at this point. Award shall be made to that offeror without further consideration of any other offers. If the lowest priced offeror is evaluated to be technically unacceptable, the next lowest priced offeror will be evaluated and the process will continue (in order by price) until an offeror is determined to be technically acceptable, or until all offerors are evaluated.

A written notice of award or acceptance of an offer, mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.
