Section H - Special Contract Requirements

3.1.9-1 ELECTRONIC COMMERCE AND SIGNATURE (JUL 2020)

(a) The Electronic Signatures in Global and National Commerce Act (E-SIGN) establishes a legal equivalence between:

- (1) Contracts written on paper and contracts in electronic form;
- (2) Pen-and-ink signatures and electronic signatures; and
- (3) Other legally-required written records and the same information in electronic form.

(b) With the submission of an offer, the offeror acknowledges and accepts the utilization of electronic commerce as part of the requirements of this solicitation and the resultant contract.

(c) Certain documents may need to be provided or maintained in original form, such as large-scale drawings impractical to convert to electronic format or a document with a raised seal signifying authenticity. (d) The use of electronic signature technology is authorized under this solicitation and the resulting contract.

(e) Contractors must not digitally sign any documents with software that uses the Secure Hash Algorithm 1 (SHA-1). All digitally signed documents and contracts sent to the FAA must use a SHA-256 or higher hash algorithm. This is based on the National Institute of Standards and Technology (NIST) Policy Statement on Hash Functions dated August 5, 2015. Further guidance on the use of SHA-256 is in NIST Special Publication (SP) 800-57 Part 1, section 5.6.2 as amended and SP 800-131A, Revision 1 dated November 6, 2015. Additional guidance on the use of SHA-3 is in NIST SP 800-185 as amended.

(f) Contractors do not have to update documents previously digitally signed using SHA-1 hash algorithms unless the document requires updating. The FAA and contractors may continue to use SHA-1 for the following applications: Verifying old digital signatures and time stamps, generating and verifying hash-based message authentication codes (HMACs), key derivation functions (KDFs), and random bit/number generation.

(a) Definitions. As used in this clause

"Data Universal Numbering System (DUNS) number" means the 9-digit number assigned by Dun and Bradstreet, Inc. (D&B) to identify unique business entities.

"Data Universal Numbering System +4 (DUNS+4) number" means the DUNS number assigned by D&B plus a 4-character suffix that may be assigned by a business concern. (D&B has no affiliation with this 4-character suffix.) This 4-character suffix may be assigned at the discretion of the business concern to establish additional SAM records for identifying alternative Electronic Funds Transfer (EFT) accounts for the same parent concern.

"Registered in the SAM database" means that the Contractor has entered all mandatory information, including the DUNS number or the DUNS+4 number, into the SAM database.

"System for Award Management (SAM) Database" means the primary Government repository for Contractor information required for the conduct of business with the Government.

(b)(1) By submission of an offer, the offeror acknowledges the requirement that a prospective awardee must be registered in the SAM database prior to award, during performance, and through final payment of any contract, basic agreement, basic ordering agreement, or blanket purchasing agreement resulting from this solicitation.

(2) The offeror must enter, in Representations, Certifications and Other Statements of Offerors Section of the solicitation, the DUNS or DUNS +4 number that identifies the offeror's name and address exactly as stated in the offer. The DUNS number will be used by the Contracting Officer to verify that the offeror is registered in the SAM database.

(c) If the offeror does not have a DUNS number, it should contact Dun and Bradstreet directly to obtain one.

(1) An offeror may obtain a DUNS number

(i) If located within the United States, by calling Dun and Bradstreet at 1-866-705-5711 or via the Internet at <http://fedgov.dnb.com/webform>; or

(ii) If located outside the United States, by contacting the local Dun and Bradstreet office.

(2) The offeror should be prepared to provide the following information:

(i) Company legal business.

(ii) Tradestyle, doing business, or other name by which your entity is commonly recognized.

(iii) Company Physical Street Address, City, State, and ZIP Code.

(iv) Company Mailing Address, City, State and ZIP Code (if different from physical street address).

(v) Company Telephone Number.

(vi) Date the company was started.

(vii) Number of employees at your location.

(viii) Chief executive officer/key manager.

(ix) Line of business (industry).

(x) Company Headquarters name and address (reporting relationship within your entity).

(d) If the offeror does not become registered in the SAM database in the time prescribed by the Contracting Officer, the Contracting Officer may proceed to award to the next otherwise successful registered offeror.

(e) Processing time, which normally takes 48 hours, should be taken into consideration when registering. Offerors who are not registered should consider applying for registration immediately upon receipt of this solicitation.

(f) The Contractor is responsible for the accuracy and completeness of the data within the SAM database, and for any liability resulting from the Government's reliance on inaccurate or incomplete data. To remain registered in the SAM database after the initial registration, the Contractor is required to review and update on an annual basis from the date of initial registration or subsequent updates its information in the SAM database to ensure it is current, accurate and complete. Updating information in the SAM does not alter the terms and conditions of this contract and is not a substitute for a properly executed contractual document. If registered in SAM as a Service-Disabled Veteran-Owned Small Business (SDVOSB), by submission of an offer, the offeror acknowledges that they are designated as a SDVOSB by the Department of Veterans Affairs, and this designation appears as such on the Veteran Affairs website, <https://www.vip.vetbiz.gov>.

(g)(1)(i) If a Contractor has legally changed its business name, "doing business as" name, or division name (whichever is shown on the contract), or has transferred the assets used in performing the contract, but has not completed the necessary requirements regarding novation and change-of-name agreements in AMS Procurement Guidance, the Contractor must provide the responsible Contracting Officer a minimum of one business day's written notification of its intention to:

(A) change the name in the SAM database;

(B) comply with the requirements of AMS regarding novation and change-of-name agreements; and

(C) agree in writing to the timeline and procedures specified by the responsible Contracting Officer. The Contractor must provide the Contracting Officer with the notification, sufficient documentation to support the legally changed name.

(ii) If the Contractor fails to comply with the requirements of paragraph (g)(1)(i) of this clause, or fails to perform the agreement at paragraph (g)(1)(i)(C) of this clause, and, in the absence of a properly executed novation or change-of-name agreement, the SAM information that shows the Contractor to be other than the Contractor indicated in the contract will be considered to be incorrect information within the meaning of the "Suspension of Payment" paragraph of the electronic funds transfer (EFT) clause of this contract.

(2) The Contractor must not change the name or address for EFT payments or manual payments, as appropriate, in the SAM record to reflect an assignee for the purpose of assignment of claims. Assignees must be separately registered in the SAM database. Information provided to the Contractor's SAM record that indicates payments, including those made by EFT, to an ultimate recipient other than that Contractor will be considered to be incorrect information within the meaning of the "Suspension of payment" paragraph of the EFT clause of this contract.

(h) Offerors and Contractors may obtain information on registration and annual confirmation requirements via the internet at <http://www.sam.gov>.

(2) Immediately notify the OFCCP area office when the union or unions, with which the Contractor has a collective bargaining agreement, has not referred back to the Contractor a minority or woman sent by the Contractor, or when the Contractor has other information that the union referral process has impeded the Contractor's efforts to meet its obligations.

(3) Develop on-the-job training opportunities and/or participate in training programs for the area that expressly include minorities and women, including upgrading programs and apprenticeship and trainee programs relevant to the Contractor's employment needs, especially those programs funded or approved by the Department of Labor. The Contractor must provide notice of these programs to the sources compiled under subparagraph (f)(2) above.

Provide written notification to, and discuss this policy with, other Contractors and subcontractors with which the Contractor does or anticipates doing business.

(6) Conduct, at least annually, an inventory and evaluation at least of all minority and female personnel for promotional opportunities. Encourage these employees to seek or to prepare for, through appropriate training, etc., opportunities for promotion.

(7) Maintain a record of solicitations for subcontracts for minority and female construction contractors and suppliers, including circulation of solicitations to minority and -female contractor associations and other business associations.

(g) The Contractor is encouraged to participate in voluntary associations that may assist in fulfilling one or more of the affirmative action obligations contained in subparagraphs (f)(1) through (7). The efforts of a contractor association, joint contractor-union, contractor-community, or similar group of which the contractor is a member and participant, may be useful in achieving one or more of its obligations under subparagraphs (f)(1) through (7).

(h) A single goal for minorities and a separate single goal for women must be established. The Contractor is required to provide equal employment opportunity and to take affirmative action for all minority groups, both male and female, and all women, both minority and non-minority. Consequently, the Contractor may be in violation of Executive Order 11246, as amended, if a particular group is employed in a substantially disparate manner.

(i) The contractor must not use goals or affirmative action standards to discriminate against any person because of race, color, religion, sex, or national origin.

(j) The Contractor must not enter into any subcontract with any person or firm debarred from Government contracts under Executive Order 11246, as amended.

(k) The Contractor must carry out such sanctions and penalties for violation of this clause and of the Nondiscrimination and Affirmative Action clause, including suspension, termination, and cancellation of existing subcontracts, as may be imposed or ordered under Executive Order 11246, as amended, and its implementing regulations, by the OFCCP. Any failure to carry out these sanctions and penalties as ordered must be a violation of this clause and Executive Order 11246, as amended.

(l) Nothing contained herein must not be construed as a limitation upon the application of other laws that establish different standards of compliance.

3.6.2-39 TRAFFICKING IN PERSONS (APR 2019)

3.6.3-12 ASBESTOS - FREE CONSTRUCTION (APR 2017)

(a) In performing this contract, the Contractor must not use asbestos or asbestos-containing building materials during construction, renovation, and/or modernization of this facility.

(b) The Contractor must provide to the Contracting Officer (CO) a signed statement WITH FINAL INVOICE indicating that no asbestos or asbestos-containing building materials were used during construction, renovation, and/or modernization of this facility. The Contractor's certification under this clause is considered to be a material requirement of the contract and the FAA may withhold payment pending submittal and receipt of an acceptable certification.

(c) The FAA retains the right to conduct sampling of contractor building materials used during construction, renovation, and/or modernization of this facility to verify that they are asbestos-free. If asbestos-containing material is found, the Contractor must bear the expense of the sampling conducted by the FAA, remove and replace the asbestos-containing material and decontaminate the site of asbestos contamination caused by the Contractor at no additional cost to the Government. In addition, the Contractor must bear the expense of all testing (bulk sampling and air sampling conducted by the contractor and the FAA) to determine that the asbestos removal and site decontamination are satisfactorily completed. The Contractor must follow all applicable federal, state, and local asbestos regulatory requirements as well as applicable FAA Orders with respect to asbestos abatement when the Contractor is required to remove asbestos materials they have installed.

3.6.4-3 BUY AMERICAN ACT - CONSTRUCTION MATERIALS (APR 2021)

(a) The Buy American Act (41 U.S.C. §§ 8301-8305) and Executive Order No. 10582, dated December 17, 1954, as amended, provide that the Government give preference to domestic construction material. The restrictions of the Buy American Act do not apply when FAA determines use of a particular domestic construction material: (i) would unreasonably increase the cost (the cost of particular domestic construction material subject to the requirements of the Buy American Act is unreasonable when the cost of such material exceeds the cost of foreign material by more than 20 percent, unless the agency head determines a higher percentage would be appropriate); (ii) would be impracticable; or (iii) is not mined, produced, or manufactured in sufficient and reasonably available commercial quantities of a satisfactory quality. This restriction also does not apply to information technology that is a commercial item or to the construction materials or components listed by the Government as follows:

NONE

(b) Definitions:

(1) "Components," as used in this clause, means those articles, materials, and supplies incorporated directly into construction materials.

(2) "Construction material," as used in this clause, means an article, material, or supply brought to the construction site for incorporation into the building or work. Construction material also includes an item brought to the site pre-assembled from articles, materials or supplies. However, emergency life safety systems, such as emergency lighting, fire alarm, and audio evacuation systems, which are discrete systems incorporated into a public building or work and which are produced as a complete system, will be evaluated as a single and distinct construction material regardless of when or how the individual parts or components of such systems are delivered to the construction site.

(3) "Domestic construction material," as used in this clause, means (i) an unmanufactured construction material mined or produced in the United States, or (ii) a construction material manufactured in the United States, if the cost of its components mined, produced, or manufactured in the United States exceeds 55 percent of the cost of all its components. Components of foreign origin of the same class or kind as the construction materials determined to be unavailable will be treated as domestic.

(c) The Contractor agrees that only domestic construction material must be used by the Contractor, subcontractors, material men, and suppliers in the performance of this contract, except for foreign construction materials, if any, listed in this contract.

(d) Request for determination of inapplicability of the Buy American Act:

(1) Any Contractor request to use foreign construction material in accordance with paragraph(a) of this clause must include adequate information for Government evaluation of the request, including:

(i) A description of the foreign and domestic construction materials;

(ii) Unit of measure;

(iii) Quantity;

(iv) Price;

(v) Time of delivery or availability;

(vi) Location of the construction project;

(vii) Name and address of the proposed supplier; and

(viii) A detailed justification of the reason for use of foreign construction materials cited in accordance with paragraph (a) of this clause.

A request based on unreasonable cost must include a reasonable survey of the market and a completed price comparison table in the format of paragraph (4) below.

The price of construction material must include all delivery costs to the construction site and any applicable duty (whether or not a duty-free certificate may be issued).

Any Contractor request for a determination submitted after contract award must explain why the Contractor could not reasonably have foreseen the need for such a determination and could not have requested the determination before contract award. If the Contractor does not provide a satisfactory explanation, the Contracting Officer need not make a favorable determination.

(2) If the Government determines after contract award that an exception to the Buy American Act applies and the Contracting Officer and the Contractor negotiate adequate consideration, the Contracting Officer will modify the contract to allow use of the foreign construction material.

(3) Unless the Government determines that an exception to the Buy American Act applies, use of foreign construction material is noncompliant with the Buy American Act

(4) Data. To permit evaluation of requests under paragraph (c) of this clause based on unreasonable cost, the Contractor must include the following information and any applicable supporting data based on the survey of suppliers:

The breakdown shall be in enough detail to permit an analysis of all material, labor, equipment, subcontract, and overhead costs, as well as profit, and shall cover all work involved in the modification, whether such work was deleted, added or changed. Any amount claimed for subcontracts shall be supported by similar price breakdowns from those subcontractors.

(b) In addition, if the proposal includes a time extension, a justification thereof shall also be furnished. Notwithstanding any other provisions of this contract, it is mutually understood that the time extension for changes in the work will depend upon the extent, if any, by which the changes cause delay in the completion of the various

elements of work. The contract completion dates will be extended only for those specific elements so delayed and the remaining contract completion dates for all other portions of the work will not be altered.

(c) The proposal, together with the price breakdown and time extension justification, shall be furnished by the date specified by the Contracting Officer.

3.13-16 RECORDS MANAGEMENT (JAN 2020)

(a) *Definitions.*

Federal record as defined in 44 U.S.C. § 3301, means all recorded information, regardless of form or characteristics, made or received by a Federal agency under Federal law or in connection with the transaction of public business and preserved or appropriate for preservation by that agency or its legitimate successor as evidence of the organization, functions, policies, decisions, procedures, operations, or other activities of the United States Government or because of the informational value of data in them. The term Federal record:

- (1) Includes all FAA records.
- (2) Does not include personal materials.
- (3) Applies to records created, received, or maintained by Contractors pursuant to a FAA contract.
- (4) May include deliverables and documentation associated with deliverables.

(b) *Requirements.*

(1) *Compliance.* The contractor must comply with all applicable records management laws and regulations, as well as National Archives and Records Administration (NARA) records policies, including but not limited to the Federal Records Act (44 U.S.C. chapters 21, 29, 31, 33), NARA regulations at 36 CFR Chapter XII Subchapter B, and those policies associated with the safeguarding of records covered by Privacy Act of 1974 (5 U.S.C. 552a), to the extent

that the Privacy Act applies to any records maintained by the Contractor. These policies include the preservation of all Federal records, regardless of form or characteristics, mode of transmission, or state of completion.

(2) *Applicability.* All data created for Government use and delivered to, or falling under, the legal control of the Government, are Federal records subject to the provisions of 44 U.S.C. chapters 21, 29, 31, and 33. Such Federal records must be managed and scheduled for disposition only as permitted by the Federal Records Act, relevant statute or regulation, and FAA Order 1350.14 "Records Management" at https://www.faa.gov/documentLibrary/media/Order/FAA_1350.14B.pdf.

(3) *Records maintenance.* While in Contractor's custody, the Contractor is responsible for preventing the alienation or unauthorized destruction of FAA records, including all forms of mutilation. Records may not be removed from the legal custody of FAA or destroyed except in accordance with the provisions of the agency records schedules and with the written concurrence of the FAA Agency Records Officer (ARO) (or the ARO's designate) and Contracting Officer, as appropriate. Willful and unlawful destruction, damage or alienation of Federal records is subject to the fines and penalties imposed by 18 U.S.C. 2701. In the event of any unlawful or accidental removal, defacing, alteration, or destruction of records, the Contractor must report the event to the Contracting Officer in accordance with 36 CFR 1230, Unlawful or Accidental Removal, Defacing, Alteration, or Destruction of Records, for reporting to NARA by FAA Records Management. Electronic records and associated metadata must be accompanied by sufficient technical documentation to permit understanding and use of the records and data.

(4) *Unauthorized disclosure.* The Contractor must notify the Contracting Officer within 2 (two) hours of discovery of any inadvertent or unauthorized disclosures of information, data, documentary materials, records or equipment. Disclosure of non-public information is limited to authorized personnel with a need-to-know as described in the contract. The Contractor must ensure that the appropriate personnel, administrative, technical, and physical safeguards are established to ensure the security and confidentiality of this information, data, documentary material, records and/or equipment is properly protected. The Contractor must not remove material from Government facilities or systems, or facilities or systems operated or maintained on the Government's behalf, without the express written permission of the FAA ARO (or the ARO's designate) and the Contracting Officer. Destruction of records is expressly prohibited unless in accordance with the contract.

(c) *Records management contracts* - where the contractor is required to design, develop, and/or operate a system of records, the following additional requirements apply:

During the contract, the FAA ARO (or ARO's designate) has the right to inspect where the records are stored (digitally or paper records) in order to ensure they are properly protected from the elements and/or loss. This inspection must be coordinated through the Contracting Officer or the Contracting Officer's Representative. The contractor must be provided 30 calendar days' notice of such inspections. This clause may be tailored to provide for a different notice period. Additional details regarding such inspections consistent with this clause may be specified in the Statement of Work.

For contracts where the contractor is responsible for managing FAA records, when the records are no longer required or at the completion of the contract, the records must be returned to FAA control. Items returned to the FAA must be hand carried, mailed, or securely electronically transmitted to the Contracting Officer or address indicated in the contract.

(d) *Non-public information.* The Contractor must not create or maintain any records containing any non-public FAA information that are not specifically tied to or authorized by the contract.

(e) *Ownership.* Consistent with all applicable data rights clauses in this contract, the FAA is the sole owner of the rights to all data and records produced as part of this contract. All deliverables under the contract are the property of the U.S. Government for which FAA will have unlimited rights to use, dispose of, or disclose such data contained therein as it determines to be in the public interest. Any Contractor rights in the data or deliverables must be identified as required by applicable data rights clauses in this contract.

(f) *Notification of third party access requests.* The Contractor must notify the Contracting Officer promptly of any requests from a third party for access to Federal records, including any warrants, seizures, or subpoenas it receives,

including those from another Federal, State, or local agency. The Contractor must cooperate with the Contracting Officer to take all measures to protect Federal records, from any unauthorized disclosure.

(g) *Training.* All Contractor employees assigned to this contract who create, work with, or otherwise handle records are required to take FAA-provided records management training upon starting under the contract and annually thereafter as per the FAA Electronic Learning Management System (eLMS). If the contractor does not have access to eLMS, the contractor is to contact the Contracting Officer or Contracting Officer's Representative (COR) who will advise the ARO who will in turn make arrangements to ensure the contractor has access. The Contractor is responsible for confirming to the Contracting Officer in an annual report due by September 30 of each year under the contract that training, including initial training and annual refresher training, has been completed in accordance with agency policies. This annual report must list the employee names and dates of initial or annual refresher training.

(h) *Agency Records Officer (ARO)* - regarding clause provisions above that cite the ARO or designate, information as to the name of the ARO or the ARO designate for particular locations outside FAA Headquarters may be obtained from the FAA Records and Information Management Team (RIM) at 9-faa-records-management-program@faa.gov.

(i) *Subcontractor flowdown requirements.* The Contractor must incorporate the substance of this clause, its terms and requirements including this paragraph (i), in all subcontracts under this contract.

3.14-2 CONTRACTOR PERSONNEL SUITABILITY REQUIREMENTS (APR 2021)

1. No contractor employee, subcontractor, or consultant will be allowed

unescorted access to any FAA facility;
access to FAA classified information;
access to FAA *Sensitive Unclassified Information (SUI); or
access to FAA systems or resources

unless they have been authorized by the FAA Office of Personnel Security (AXP).

*SUI is defined as unclassified information, in any form including print, electronic, visual, or aural forms, which is protected from uncontrolled release to persons outside the FAA and indiscriminate dissemination within the FAA. It includes aviation security, homeland security, and protected critical infrastructure information. SUI may include information that may qualify for withholding from the public under the Freedom of Information Act (FOIA).

2. Consistent with FAA Order 1600.72A, AXP must approve designated risk levels for the positions under the contract, to be determined by the FAA Operating Office (the organization with the requirement) in coordination with the COR, using the OPM Position Designation Automated Tool (PD Tool).

3. For all contractor employees, subcontractors, or consultants requiring access to FAA facilities, classified information, sensitive unclassified information, systems, or resources, the prime contractor must submit to their responsible AXP office and CO/COR, a point of contact (POC) who will be responsible for entering all contractor applicant data, to include subcontractor data, into the Vendor Applicant Process (VAP) system (vap.faa.gov) for security processing. The contractor must not enter contractor employees in VAP unless they have a legitimate need for access to FAA facilities, classified information, sensitive unclassified information and/or systems according to the terms of the contract. Contractor employees who will not require the aforementioned types of access or who would be under escort of other badged personnel are not be entered in VAP.

4. If an applicant has had a previous US Government conducted background investigation, which meets the investigative requirements for the position and meets established reciprocity guidelines, it will be accepted by the FAA. The FAA reserves the right to conduct further investigations, including requesting additional information from the applicant, if necessary.

5. If no previous investigation exists, or if the previous investigation does not meet investigative requirements for the position, AXP will:

- a. Send the applicant an e-mail (this step may be delegated to VAP POC) with instructions for completing investigative requirements.;
- b. Instruct the applicant how to enter and complete a background investigation questionnaire through the electronic Questionnaires for Investigation Processing (eQIP) system;
- c. Provide where to upload, or send/fax applicable forms; and
- d. Provide instructions regarding fingerprinting. (any fees associated with obtaining fingerprints are not the responsibility of the FAA)

The contractor employee must complete the investigative requirements and submit required material within 15-calendar days of receiving the e-mail from AXP. If items are submitted outside of the eQIP system, the contractor must submit the required information, referencing the contract number, to the AXP POC noted in the instruction email.

6. No contract employee, subcontractor, or consultant, identified as requiring a background investigation under the contract will work in any position unless AXP has authorized them to begin work. Authorization will be in the form of an Interim or Final Suitability email notification from AXP to the VAP POC and CO.
7. No contract employees, subcontractor, or consultant will be issued a FAA Personal Identity Verification (PIV) card, or other FAA issued ID card, unless they have been granted an Interim or Final suitability from AXP.
8. The Contractor VAP POC must inform the CO/COR and submit a VAP removal record in VAP within twenty-four (24) hours after any contractor employee resigns, is terminated, transferred, or otherwise removed from the contract. If the FAA issued the contract employee a PIV card, or other ID card, the contractor must collect the card within twenty-four hours, and return it to AXP no later than five business-days of the employee's termination or transfer.
9. The CO will provide notice to the contractor within 24-hours after receipt of a determination that the contractor or its employee has not complied with security related contract requirements, security-related FAA Orders, or if a contractor employee's conduct is objectionable or contrary to the public interest, or inconsistent with the best interest of national security. The notice will instruct the contractor to remove its employee's access to FAA premises or networks, or otherwise remedy the contractor's performance.
10. The contractor must immediately comply with the CO's direction to remedy its security performance at the contractor's expense, including removing the employee from FAA premises and networks. If the contractor employee is working under an interim suitability authorization, the contractor must take appropriate action, including the removal of the contractor employee from working on the FAA contract, at their own expense. Once action has been taken, the contractor must report the action via the VAP within the timeframe prescribed in paragraph 8 of this clause.
11. After coordination with AXP, the CO may require contractor employees to submit any other security information deemed reasonably necessary to protect the interests of the FAA. This includes submitting to additional fingerprinting, responding to letters of inquiry, and background reinvestigations required under Federal Investigative Standards. In this event, the contractor must provide, or cause each of its employees to provide, such security information to AXP. Failure to cooperate with security processing will result in an unfavorable suitability determination.
12. The contractor must retrieve a current roster report through VAP on a quarterly basis to ensure the roster is accurate, and immediately correct any discrepancies with the responsible AXP office. The prime contractor is responsible for the accuracy of their subcontractors' rosters as well.
13. Contractor employees subject to the requirements of this clause must take the FAA Security Awareness Virtual Initiative (SAVI) training within 90 days of reporting to work and annually thereafter. This training is available on the FAA's Electronic Learning Management System (eLMS). Contractors without access to eLMS please see <https://my.faa.gov/org/linebusiness/ash/programs/savi.html> for instructions.

14. The prime contractor must contact the CO or COR, and AXP within one business-day in the event an employee (who has been cleared for FAA access by AXP) is arrested (i.e., taken into custody by law enforcement for any offenses, other than minor traffic offenses) or is involved in theft of government property or the Contractor becomes aware of any information that may raise a question about the suitability of a contractor or subcontractor employee.

15. Failure to submit information required by this clause within the time required may be determined by the CO a material breach of the contract, and may result in suspension or revoked access to FAA assets for the Contractor's employee.

16. If subsequent to the effective date of this contract, the security classification or security requirements under this contract are changed by the Government and if the changes cause an increase or decrease in direct contract costs or otherwise affect any other term or condition of this contract, the contract will be subject to an equitable adjustment.

17. The contractor agrees to insert terms that conform substantially to the language of this clause, excluding any reference to the Changes clause of this contract, in all subcontracts under this contract that involve access and where the exceptions under FAA Order 1600.72A do not apply.

3.2.2.3-2 MINIMUM OFFER ACCEPTANCE PERIOD (JUL 2004)

(a) 'Acceptance period,' as used in this provision, means the number of calendar days the FAA (we, us) has to award a contract from the date the SIR specifies for receiving offers.

(b) This provision supersedes any language about the acceptance period appearing elsewhere in this SIR.

(c) We require a minimum acceptance period of [the CO should insert the number of days] calendar days.

(d) The offeror (you) may specify a longer acceptance period than the period shown in paragraph (c). To specify a longer period, fill in the blank: The offeror allows the following acceptance period: _____ calendar days.

(e) We may reject an offer allowing less than the FAA's minimum acceptance period.

(f) You agree to fulfill your offer completely if the FAA accepts your offer in writing within:

(1) The acceptance period stated in paragraph (c) of this provision; or

(2) Any longer acceptance period stated in paragraph (d) of this provision.

(End of provision)

3.2.2.3-81 PROHIBITION AGAINST CONTRACTING WITH INVERTED DOMESTIC CORPORATIONS-REPRESENTATION (OCT 2015)

(a) Definition: "Inverted Domestic Corporation" and "subsidiary" are defined in AMS clause 3.2.2.3-83 "Contracting with Inverted Domestic Corporations."

(b) The FAA is not permitted to use appropriated or otherwise made available funds for contracts with either an inverted domestic corporation or a subsidiary of an inverted domestic corporation unless the requirement is waived in accordance with applicable AMS guidance)

(c) Representation. By submittal of its offer, the offeror represents that it is not an inverted domestic corporation and is not a subsidiary of one.

(End of Provision)

3.2.2.3-82 PROHIBITION ON CONDUCTING RESTRICTED BUSINESS OPERATIONS IN SUDAN - CERTIFICATION (JUL 2012)

3.2.2.7-7 CERTIFICATION REGARDING RESPONSIBILITY MATTERS (JAN 2018)

(a)(1) The Offeror certifies, to the best of its knowledge and belief, that

(i) All representations and certifications as reflected in the System for Award Management (SAM) are current and accurate as of the date the proposal/offer is submitted. The offeror must provide immediate written notice to the Contracting Officer if at any time prior to award the Offeror and/or any of its Principals learns that any certification or representation in SAM was erroneous when this proposal/offer was submitted or has become erroneous by reason of changed circumstances. If registered in SAM as a Service-Disabled Veteran-Owned Small Business (SDVOSB), by submission of an offer, the offeror acknowledges that they are designated as a SDVOSB by the Department of Veterans Affairs, and this designation appears as such on the Veteran Affairs website, <https://www.vip.vetbiz.gov>.

(ii) The Offeror and/or any of its Principals-

(A) Are ☐ are not ☐ presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(B) Have ☐ have not ☐ within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public-

(Federal, state, or local) contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws or receiving stolen property; and

(C) Are ☐ are not ☐ presently indicted for, or otherwise criminally or civilly charged by a governmental entity with, commission of any of the offenses enumerated in subdivision (a)(1) (ii)(B) of this provision.

(D) Have ☐, have not ☐, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds \$3,000 for which the liability remains unsatisfied.

(1) Federal taxes are considered delinquent if both of the following criteria apply:

(i) The tax liability is finally determined. The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(ii) The taxpayer is delinquent in making payment. A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(2) Examples-

(i) The taxpayer has received a statutory notice of deficiency, under I.R.C. Sec. 6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(ii) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. Sec. 6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(iii) The taxpayer has entered into an installment agreement pursuant to I.R.C. Sec. 6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(iv) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. 362 (the Bankruptcy Code).

(E) The Offeror has ☐ has not ☐ within a three-year period preceding this offer, had one or more contracts terminated for default by any Federal agency.

(2) 'Principals,' for the purposes of this certification, means officers; directors; owners; partners; and, persons having primary management or supervisory responsibilities within a business entity (e.g., general manager; plant manager; head of a subsidiary, division, or business segment, and similar positions). THIS CERTIFICATION CONCERNS A MATTER WITHIN THE JURISDICTION OF AN AGENCY OF THE UNITED STATES AND THE MAKING OF A FALSE, FICTITIOUS, OR FRAUDULENT CERTIFICATION MAY RENDER THE MAKER SUBJECT TO PROSECUTION UNDER SECTION 1001, TITLE 18, UNITED STATES CODE.

(b) The Offeror must provide immediate written notice to the Contracting Officer if, at any time prior to contract award, the Offeror learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

(c) A certification that any of the items in paragraph (a) of this provision exists will not necessarily result in withholding of an award under this SIR. However, the certification will be considered in connection with a

determination of the Offeror's responsibility. Failure of the Offeror to furnish a certification or provide such additional information as requested by the Contracting Officer may render the Offeror nonresponsible.

(d) Nothing contained in the foregoing must be construed to require establishment of a system of records in order to render, in good faith, the certification required by paragraph (a) of this provision. The knowledge and information of an Offeror is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
