(h) *Certification Regarding Responsibility Matters (Executive Order 12689)*. (Applies only if the contract value is expected to exceed the simplified acquisition threshold.) The offeror certifies, to the best of its knowledge and belief, that the offeror and/or any of its principals-

(1) ☐ Are, ☐ are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(2) ☐ Have, ☐ have not, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property;

(3) ☐ Are, ☐ are not presently indicted for, or otherwise criminally or civilly charged by a Government entity with, commission of any of these offenses enumerated in paragraph (h)(2) of this clause; and

(4) ☐ Have, ☐ have not, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds \$3,500 for which the liability remains unsatisfied.

(i) Taxes are considered delinquent if both of the following criteria apply:

(A) *The tax liability is finally determined.* The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(B) *The taxpayer is delinquent in making payment.* A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) *Examples.* (A) The taxpayer has received a statutory notice of deficiency, under I.R.C. §6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. §6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. §6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. §362 (the Bankruptcy Code).

(i) *Certification Regarding Knowledge of Child Labor for Listed End Products (Executive Order 13126).* [The Contracting Officer must list in paragraph (i)(1) any end products being acquired under this solicitation that are included in the List of Products Requiring Contractor Certification as to Forced or Indentured Child Labor, unless excluded at 22.1503(b).]

(k) *Certificates regarding exemptions from the application of the Service Contract Labor Standards* (Certification by the offeror as to its compliance with respect to the contract also constitutes its certification as to compliance by its subcontractor if it subcontracts out the exempt services.) [The contracting officer is to check a box to indicate if paragraph (k)(1) or (k)(2) applies.]

(1) Maintenance, calibration, or repair of certain equipment as described in FAR 22.1003-4(c)(1). The offeror ☐ does ☐ does not certify that-

(iv) The compensation (wage and fringe benefits) plan for all service employees performing work under the contract is the same as that used for these employees and equivalent employees servicing commercial customers.

(3) If paragraph (k)(1) or (k)(2) of this clause applies-

(i) If the offeror does not certify to the conditions in paragraph (k)(1) or (k)(2) and the Contracting Officer did not attach a Service Contract Labor Standards wage determination to the solicitation, the offeror shall notify the Contracting Officer as soon as possible; and

(ii) The Contracting Officer may not make an award to the offeror if the offeror fails to execute the certification in paragraph (k)(1) or (k)(2) of this clause or to contact the Contracting Officer as required in paragraph (k)(3)(i) of this clause.

Evaluation Factors for Award

ADDENDUM TO FAR 52.212-2-EVALUATION-COMMERCIAL ITEMS BASIS FOR CONTRACT AWARD

The Government intends to award a contract resulting from this RFQ to the responsible offeror whose quotation will be most advantageous to the Government, price and technical factors considered. The Government intends to make an award without conducting interchanges. However, the Government reserves the right to enter into interchanges with some, all or none of the offerors regarding their offer at any time during the evaluation if deemed in the best interest of the Government. Award will be made utilizing FAR Part 13.5, Simplified Acquisition Procedures, the Government will award a contract to the lowest price offered that is technically acceptable. The following factors shall be used to evaluate offers:

A. Technical Capability: The Government will evaluate technical capability on pass/fail basis. The government will evaluate technical quotes and the below listed sub-factors. Failure to meet the minimum requirements of any of the sub-factors below will result in the quote being deemed technically deficient, and will preclude the offeror from award. All sub-factors are considered equal in term of technical evaluation:

1. Subfactor 1: Work Plan-In order to fulfill this requirement, the offeror must provide a work plan that describes the approach to successfully perform to the standards detailed in the PWS and ESTC Standard 6 for B&CE inspections detailing all personnel involved in the project including their respective roles, labor categories, qualifications and education.

2. Subfactor 2: Past Experience- At a minimum, this requirement is met when the offeror has thoroughly addressed all past experience activities identified in 52.212-1 Addendum, Past Experience paragraphs a and b.

B. Price: The Government will evaluate prices submitted to determine a fair and reasonable price in accordance with FAR 13.106-3. Failure to provide the documentation described in the Instructions to Offerors may result in the offer being deemed non-responsive and ineligible for award. The contracting officer has determined there is a high probability of adequate price competition in this acquisition. However, if at any time during this competition the contracting officer determines that adequate price competition no longer exists; offerors may be required to submit information to the extent necessary for the contracting officer to determine the reasonableness of the price. Failure to quote on all CLINs may render the quotation unacceptable and ineligible for award.

1. During the evaluation process the Government Evaluation Team will determine a total price for each responsive quote. The extended price for each CLIN in the base period and each option period will be added together to determine the total price. NOTE: Evaluation of options shall not obligate the Government to exercise such options.

2. A price for the six-month extension authorized by FAR 52.217-8, Option to Extend Services will be added to the total arrived at above. The price for the six-month extension will be calculated using 50% of the Option Period Four total. Evaluation of the option period will not obligate the Government to exercise the option.

3. In the event there is a difference between a unit price and the extended total amount, the unit price will be held to be the intended offer and the total of the CLINs will be recomputed accordingly. If the offeror provides a total amount for a CLIN, but fails to enter the unit price, the offeror's quotation may be considered unacceptable and ineligible for award.
