

ATTACHMENT G

DEFINITIONS AND ACRONYMS

FOR

**STATEWIDE LAW ENFORCEMENT RADIO SYSTEM REPLACEMENT
(SLERS-2)**

ITN NO. DMS 20/21-103

**THE STATE OF FLORIDA
DEPARTMENT OF MANAGEMENT SERVICES**

The following definitions and acronyms apply to the Contract, in addition to the definitions in Chapter 287, Florida Statutes (F.S.), and Chapter 60-4, Florida Administrative Code (F.A.C.). In the event of a conflict, the definitions provided in this document will prevail.

Term	Definition
AC	Alternating Current
ADA	Americans with Disabilities Act
AES	Advanced Encryption Standard
AGL	Above Ground Level
700 MHz Aircraft Subsystem	The SLERS-2 subsystem that provides highly reliable public safety grade communications for aeronautical-mobile radio units throughout the State operating at altitude (between 500 feet and 5280 feet above ground level).
a.k.a.	Also Known As
ANSI	American National Standards Institute
ANSI/TIA-222	American National Standards Institute/Telecommunications Industry Association – Structural Standard for Antenna Supporting Structures and Antennas
APCO	Association of Public-Safety Communications Officials
ASCII	American Standard Code for Information Interchange
BAFO	Best and Final Offer
BDA	Bi-directional amplifier, used to provide coverage enhancements
BER	Bit Error Rate
BTU	British Thermal Unit
Business Day	Monday through Friday, inclusive, excluding holidays specified in section 110.117, F.S.
CAD	Computer Aided Dispatch
CAI	Common Air Interface
CATP	Coverage Acceptance Test Plan
CFR	Code of Federal Regulations
CJIS	Criminal Justice Information Services, a division of the FBI that provides a range of state of-the-art tools and services to law enforcement, national security and intelligence community partners, and the public.
CMBE	Certified Minority Business Enterprise
Capitol Complex	Buildings in the Florida Capitol Complex, which includes the Capitol, Historic Capitol, House Office Building, Senate Office Building, Knott Building, Holland Building, Pepper Building and associated parking structures.
Contractor	The vendor that enters into a contract with the Department as a result of this ITN.
Confidential Information	Any portion of the Contractor's documents, data, or records that the Contractor claims is confidential, proprietary, trade secret, or otherwise not subject to disclosure pursuant to Chapter 119, F.S., the Florida Constitution, or any other authority and is clearly marked "Confidential."
Contract Manager	The representative designated by the Department who will oversee all aspects of the Contract, monitor performance expectations, and serve as the primary point of contact for the Contractor.
CPC	Channel Performance Criterion

Term	Definition
CSSI	Project 25 Console Subsystem Interface
Dashboard	A secure web-based portal capable of providing all performance reporting features including a system dashboard of Key Performance Indicators, current and historical system alarms and alerts and canned reports
DAS	Distributed Antenna System, used to provide coverage enhancements
DAQ	Delivered Audio Quality
dB	Decibel
DC	Direct Current
DEM	Division of Emergency Management
DFSI	Project 25 Digital Fixed Station Interface
DHS	United States Department of Homeland Security
DHSMV	Department of Highway Safety and Motor Vehicles
Dispatch Console	A specialized computer with a software application through which calls are made to and received from SUs and other Dispatch Consoles.
DMS	Department of Management Services
Dual Mode Operation	A P25 system capability where calls can occur in either P25 Phase 1 or Phase 2 modes, without user intervention, based upon the capabilities of the SUs participating in the call.
EDACS EA	Enhanced Digital Access Communication System Extended Addressing
EIN	Employer Identification Number
ERP	Effective Radiated Power
FAA	Federal Aviation Administration
F.A.C.	Florida Administrative Code
FCC	Federal Communications Commission
FDLE	Florida Department of Law Enforcement
FDEM	Florida Division of Emergency Management
FEIN	Federal Employer Identification Number
FIN	Florida Interoperability Network
FIPS	Federal Information Processing Standards
F.S.	Florida Statutes
FWC	Florida Fish and Wildlife Conservation Commission
GoS	Grade of Service
GPS	Global Positioning System
Hip Level	Portable radio coverage requirement, evaluated as being worn at the hip, in a belt case at 3 feet above ground level
HVAC	Heating, Ventilation and Air Conditioning
HVHZ	High Velocity Hurricane Zone
Hz	Hertz
ID	Identifier
IEC	International Electrotechnical Commission
IMC	Integrated Multisite Controller

Term	Definition
Interoperability Subsystem	A subsystem or a partition of a system that provides wide area coverage for specific purposes. An interoperability subsystem may have a more open access policy and may have less capacity than the primary service but provide radio coverage that is comparable to the primary service.
IRS	Internal Revenue Service
ISSI	Project 25 Inter-RF Subsystem Interface
ISO	International Organization for Standardization
JTF	Joint Task Force on State Agency Law Enforcement Communications
KMF	Key Management Facility
kVA	Kilovolt-Ampere
KW	Kilowatt
lbs	Pounds
LCD	Liquid Crystal Display
LMR	Land Mobile Radio
LTE	Long Term Evolution
Maritime	Operations in the Gulf of Mexico and Atlantic Oceans within 25-mile proximity to the Florida coastline.
MFMP	MyFloridaMarketPlace
MHz	Megahertz
Milestone	Initially developed as part of the project charter, a significant point or event in the project.
MPE	Maximum Permissible Exposure to RF
MPH	Miles Per Hour
MRS	Mobile Radio System
Multi-user / Multi-agency	The ability of a system to utilize individual user permission settings to securely support multiple users and to be partitioned such that multiple agencies can securely utilize the system with restrictions such that users of a particular agency can only access records associated with their agency.
NCC	Network Control Center
NMS	Network Management System
NOC	Network Operations Center
NPSTC	National Public Safety Telecommunications Council
OEU	Other Eligible User. SLERS Partners as defined by Rule 60FF-4.002, F.A.C., excluding State Government Users and Affiliate Users.
OSHA	Occupational Safety and Health Administration
OTAP	Over the Air Programming
OTAR	Over the Air Rekeying
OTEK	Over the Ethernet Keying
P25	Project 25
P25 CAP	P25 Compliance Assessment Program, a program for certifying interoperability compliance between P25 system and user equipment manufacturers.

Term	Definition
PDF	Portable Document Format
PM	Project Manager
PMO	Project Management Office
PSIC	Public Safety Interoperable Communications
PSRS	Primary Statewide Radio System, the 700/800 MHz P25 system providing highly reliable public safety grade communications for ground-based radio units throughout the State and for marine-based radio units within 25 miles of the State's coastline
PTT	Push-to-Talk
PUR	State Purchasing Form
RAN	Radio Access Network
RCC	Regional Communications Center for State Agency
RF	Radio Frequency
RG	Radio Gateway
ROM	Read-Only Memory
RPC	Regional Planning Committee that addresses allocation of spectrum, regionally, in the public safety 700 and 800 MHz frequency bands.
SATP	Service Acceptance Test Plan
SDOC	Supplier's Declaration of Compliance
Service	The combination of all equipment, facilities, features, functionality, operations and maintenance that provides communications service to subscriber units.
SLA	Service Level Agreement
SLERS	Statewide Law Enforcement Radio System
SLERS-2	The Statewide Law Enforcement Radio System replacement, deployed as a standards-based public safety communications service
SMSO	System Management and Support Office established by the Contractor to provide SLERS-2 service delivery support
SOW	Statement of Work
SPD	Surge Protection Device
SPOC	Single Point of Contact
SQL	Structured Query Language
State	State of Florida
STR	Summary Test Report
Subscriber radio devices	Portable radios, mobile radios, and control stations used on SLERS-2 and other land mobile radio systems
TBD	To Be Determined
TG	Talkgroup
TGID	Talkgroup Identifier
TIA	Telecommunications Industry Association
TIA-102	Telecommunications Industry Association, P-25 Standards
TIA-603E	Telecommunications Industry Association, Land Mobile FM and PM Communications Equipment Measurement and Performance Standards

Term	Definition
TIA TSB-88	Telecommunications Industry Association, Technical Service Bulletin-88, Wireless Communications Systems Performance in Noise and Interference-Limited Situations
TOC	Table of Contents
Transport Subsystem	Site interconnect equipment required for securely transporting system data between all SLERS-2 subsystems
UPS	Uninterruptible Power Supply
USB	Universal Serial Bus
User	DMS authorized state, federal, tribal, and local user agencies operating on SLERS-2
VAC	Volts Alternating Current
VBS	Vendor Bid System
VPN	Virtual Private Network
WBE	Women's Business Enterprise
