- 23.6 This Section 23 shall survive termination of this Contract.

24. CONFLICTING TERMS:

Any proposal for terms in addition to or different from those set forth in this purchase order or any attempt by the Contractor to vary any of the terms of this offer by Contractor's acceptance shall not operate as a rejection of this offer, unless such variance is in the terms of the description, quantity, price or delivery schedule, but shall be deemed a material alteration thereof, and this offer shall be deemed acceptable by the Contractor without the additional or different terms. If this purchase order is an acceptance of a prior offer by the Contractor, the acceptance is expressly conditioned upon Contractor's assent to any additional terms contained herein. The Contractor understands and agrees that the terms and conditions of this purchase order may not be waived.

25. DRUG AND ALCOHOL-FREE WORKPLACE:

The Contractor warrants that the Contractor shall comply with COMAR 21.11.08 Drug and Alcohol Free Workplace, and that the Contractor shall remain in compliance throughout the term of this purchase order.

26. CHANGES - WORK ORDERS:

Changes: The Procurement Officer unilaterally may, at any time, without notice to the sureties, if any, by written order designated or indicated to be an order, make any change in the work within the general scope of the contract, including but not limited to changes:

- In the specifications (including drawings and designs);
- In the method or manner of performance of the work;
- In the State-furnished facilities, equipment, materials, services, or site; or
- Directing acceleration in performance or delivery.

Any other written order or an oral order, including a direction, instruction, interpretation, or determination from the Procurement Officer that causes or constitutes any such change shall be treated as a change order under this clause provided that the Contractor gives the Procurement Officer written notice stating the date, circumstances, and source of the order and that the Contractor regards the order as a change order.

Except as herein provided, no order, statement, or conduct of the Procurement Officer shall be treated as a change under this clause or entitle the Contractor to an equitable adjustment hereunder.

Subject to paragraph (6) of this subsection, if any change under this clause causes an increase or decrease in the Contractor's cost of, or the time required for, the performance of any part of the work under the contract, whether or not changed by an order, an equitable adjustment shall be made and the contract modified in writing accordingly; provided, however, that except for claims based on defective specifications, no claim for any order under (2) above shall be allowed for any costs incurred more than twenty (20) days before the Contractor gives written notice as therein required; and provided further, that in the case of defective specifications for which the State is responsible, the equitable adjustment shall include any increased cost reasonably incurred by the Contractor in attempting to comply with such defective specifications.

If the Contractor intends to assert a claim for an equitable adjustment under this section, he shall do so in accordance with and subject to the disputes procedures of the contract.

Each contract modification or change order that affects contract price shall be subject to the prior written approval of the Procurement Officer and other appropriate authorities and to prior certification of the appropriate fiscal authority of fund availability and the effect of the modification or change order on the contract budget or total cost. If, according to the certification of the fiscal authority, the contract modification or change order will cause an increase in cost that will exceed budgeted and available funds, the modification or change order may not be made unless sufficient additional funds are made available or the scope of the contract is adjusted to permit its completion within the project budget.

No claim by the Contractor for an equitable adjustment hereunder shall be allowed if asserted after final payment is made under this contract.

As used in this section, "work" means any and all commodities, goods, materials, labor, services, manner or time of delivery or performance, or other elements of performance required to be furnished or supplied by the Contractor under this contract.

Miscellaneous: In the event of a dispute between the Department and the Contractor as to whether any work is included in the scope of the contract such that the Contractor would be obligated to provide that work at no additional cost to the State, the Procurement Officer may order the Contractor under this section to perform the work (a "Work Order"). If the Contractor considers such an order to be a change in the scope of the contract entitling the Contractor to additional compensation, a time extension, or other relief, the Contractor must provide the notice required by this section and initiate a claim therefore in accordance with contract requirements. An order of the Procurement Officer, by virtue of being called or referred to as a "change order," does not necessarily constitute a change in the scope of the contract or in the work required under the contract. The Contractor shall not be entitled to additional compensation, a time extension, or other relief for complying with an order of the Procurement Officer if the contract otherwise requires the Contractor to perform as stated in the order.

Upon receipt of a signed written order of the Procurement Officer under this section, the Contractor shall comply with the order promptly, within the requirements of the required completion or delivery time, whether or not the Contractor signs or accepts the change order. Failure to comply with the order in a timely manner shall constitute a breach of the contract and grounds for termination for default or any other remedy available to the State.

The State may issue a unilateral order on the State's terms (including a promise to pay the Contractor a "not to exceed" ("NTE") amount) which the Contractor may then dispute in accordance with the disputes procedures of the contract. Pending resolution of such a dispute, Contractor must proceed diligently with performance of the contract as ordered by the Procurement Officer.

The terms "not to exceed" and "NTE" when used in a change order mean that the amount of the change order (whether an increase or a decrease in the contract amount) will be a reasonable amount not to exceed the amount stated.

27. RETENTION OF RECORDS:

The Contractor shall retain and maintain all records and documents relating to this contract for three years after final payment by the State hereunder or any applicable statute of limitations, whichever is longer, and shall make them

available for inspection and audit by authorized representatives of the State, including the procurement officer or designee, at all reasonable times.

28. COMPLIANCE WITH LAWS:

The Contractor hereby represents and warrants that:

- A. It is qualified to do business in the State of Maryland and that it will take such action as, from time to time hereafter, may be necessary to remain so qualified;
- B. It is not in arrears with respect to the payment of any monies due and owing the State of Maryland, or any department or unit thereof, including but not limited to the payment of taxes and employee benefits, and that it shall not become so in arrears during the term of this Contract;
- C. It shall comply with all federal, State, and local laws, regulations, and ordinances applicable to its activities and obligations under this Contract; and
- D. It shall obtain, at its expense, all licenses, permits, insurance, and governmental approvals, if any, necessary to the performance of its obligations under this Contract.

29. COST AND PRICE CERTIFICATION:

The Contractor by submitting cost or price information certifies that, to the best of its knowledge, the information submitted is accurate, complete, and current as of a mutually determined specified date prior to the conclusion of any price discussions or negotiations for:

- A. A negotiated contract, if the total contract price is expected to exceed \$100,000, or smaller amount set by the procurement officer; or
- B. A change order or contract modification, expected to exceed \$100,000, or smaller amount set by the procurement officer.

The price under this Contract and any change order or modification hereunder, including profit or fee, shall be adjusted to exclude any significant price increases occurring because the Contractor furnished cost or price information, which, as of the date agreed upon between the parties, was inaccurate, incomplete, or not current.

30. BID / PROPOSAL AFFIDAVIT:

Each Bidder or offeror shall execute and attach to the bid or proposal the affidavit included with this solicitation.

31. CONTRACT AFFIDAVIT:

The successful Bidder or Offeror shall execute and deliver to the Procurement Officer prior to the award of the contract the Contract Affidavit included with this solicitation. (The Affidavit also can be found at COMAR 21.07.01.25).

32. PUBLIC INFORMATION ACT NOTICE:

Offerors should give specific attention to the identification of those portions of their proposals that they deem to be confidential, proprietary information or trade secrets and provide any justification why such materials, upon request, should not be disclosed by the State under the Access to Public Records Act, Title 4 of the General Provisions Article, Annotated Code of Maryland.

33. MINORITY BUSINESS ENTERPRISE NOTICE:

Minority Business Enterprises are encouraged to respond to this solicitation.

34. ARREARAGES:

By submitting a response to this solicitation, a vendor shall be deemed to represent that it is not in arrears in the payment of any obligation due and owing the State of Maryland, including the payment of taxes and employee benefits, and that it shall not become so in arrears during the term of the contract if selected for contract award.

35. MULTIPLE OR ALTERNATE BIDS:

Unless multiple or alternate bids are requested in the solicitation, multiple or alternate bids may not be accepted. If the solicitation does not request multiple or alternate bids, if received they will be treated in accordance with COMAR 21.05.02.21.

36. BPO/PO AS CONTRACT:

This provision applies to all procurement contracts procured by the Office of State Procurement except contracts for the procurement of architectural and engineering services for a price of greater than \$200,000. As used in this provision, a bid refers to a bid submitted under competitive sealed bidding and to an offer submitted under competitive sealed proposals. As used in this provision, a Bidder refers to a Bidder under competitive sealed bidding and to an offeror under competitive sealed proposals. As used in this provision, a solicitation means an Invitation for Bids, a request for proposals, or any other document requesting bids or proposals for procurement by the Department.

The Bidder's execution and submission of a responsive bid constitutes a promise by the Bidder to perform the contract solicited by the Department in accordance with the terms and conditions stated in the solicitation. The bid shall be irrevocable for the period stated in the solicitation or for such longer period as the Bidder and the Department may agree.

Upon acceptance of a bid, the Procurement Officer may issue a Blanket Purchase Order (BPO), in a form to be determined by the Department, to the Bidder accepting the bid and binding the Bidder to a contract. The execution and issuance of a BPO by the Procurement Officer, subject to all necessary approvals, shall constitute acceptance of the bid and final award of the contract. The contract of the parties will be embodied in the contract documents, which shall consist of the executed BPO of the Procurement Officer, including all documents, terms, and conditions incorporated into those documents by the terms of the solicitation, the BPO, the bid, or by operation of law, and the executed bid of the Bidder. If the Procurement Officer issues a BPO, at the option of the Procurement Officer it will not be necessary for the Bidder to execute the BPO or any other form of contract or agreement. The Procurement Officer may require that the parties both execute a single document as the embodiment of the contract between the parties.

In the event of a conflict between provisions of the contract documents, the controlling provisions shall be, in the following order, those of:

The BPO; then

The Solicitation; and then

The Bid.

37. RETURNED GOODS:

Contractor(s) shall be entitled to recover reasonable compensation for any and all goods shipped in accordance with authorized agency orders, meeting all contract requirements, and returned by the agency for reasons other than the Contractor's failure to meet contract requirements. Compensation shall be limited to actual unreimbursed costs incurred by the Contractor including, but not limited to, restocking charges, shipping charges, plus reasonable profit. Contractor must provide written proof of claimed compensation. A return of goods covered by this section shall be deemed a partial termination for convenience as to the returned goods, and other contract provisions and principles applicable to a partial termination for convenience shall apply.

38. PURCHASES BY OTHER ENTITIES – INDEFINITE QUANTITY CONTRACTS:

This provision applies to indefinite quantity contracts.

Pursuant to the State Finance and Procurement Article, Section 13-110 of the Annotated Code of Maryland, except as provided in (B) the following entities may purchase materials, supplies, and equipment under this Contract:

- (1) A county or Baltimore City;
- (2) A municipal corporation;

- (3) A governmental agency in the State;
- (4) A public or quasi-public agency that:
 - (I) Receives State money; and
 - (II) Is exempt from taxation under Section 501(c)(3) of the Internal Revenue Code;
- (5) A private elementary or secondary school that:
 - (I) Either has been issued a certificate of approval from the State Board of Education or is accredited by the Association of Independent Schools; and
 - (II) Is exempt from taxation under Section 501(c)(3) of the Internal Revenue Code; or
- (6) A non-public institution of higher education under Section 17-106 of the Education Article.
 - (A) A private elementary or secondary school or a nonpublic institution of higher education may not purchase religious materials under this contract.
 - (B) The right to purchase under this section shall be in addition to, but not in substitution for, the applicable purchasing power granted to any of the listed entities pursuant to any statutory or charter provision.
- (7) Another State or an agency or other instrumentality of another state.

All purchases under this contract by any such entity as described above which is not a unit or agency of the State of Maryland for which the State of Maryland may be held liable in contract: (1) shall constitute a purchase or contract between the Contractor and that entity only; (2) shall not constitute a purchase or contract of the State of Maryland; (3) shall not be binding or enforceable against the State of Maryland or any of its units or agencies; and (4) may be subject to other terms and conditions agreed to by the Contractor and the purchaser.

Contractor bears the risk of determining whether or not any entity from which the Contractor receives an order under the contract is a unit or agency of the State of Maryland such that the contract may be enforced against the State of Maryland.

39. TIE BIDS

Tie Bids will be decided pursuant to COMAR 21.05.02.14.

40. DELAYS AND EXTENSIONS OF TIME

The Contractor agrees to prosecute the work continuously and diligently and no charges or claims for damages shall be made by it for any delays or hindrances from any cause whatsoever during the progress of any portion of the work specified in this Contract.

Time extensions will be granted only for excusable delays that arise from unforeseeable causes beyond the control and without the fault or negligence of the Contractor, including but not restricted to, acts of God, acts of the public enemy, acts of the State in either its sovereign or contractual capacity, acts of another Contractor in the performance of a contract with the State, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, or delays of subcontractors or suppliers arising from unforeseeable causes beyond the control and without the fault or negligence of either the Contractor or the subcontractors or suppliers.

41. PATENTS, COPYRIGHTS, AND INTELLECTUAL PROPERTY

All copyrights, patents, trademarks, trade secrets, and any other intellectual property rights existing prior to the Effective Date of this Contract shall belong to the party that owned such rights immediately prior to the Effective Date ("Pre-Existing Intellectual Property"). If any design, device, material, process, or other item provided by Contractor is covered by a patent or copyright or which is proprietary to or a trade secret of another, the Contractor shall obtain the necessary permission or license to permit the State to use such item or items pursuant to its rights granted under the Contract.

42. NON-AVAILABILITY OF FUNDING

If the General Assembly fails to appropriate funds or if funds are not otherwise made available for continued performance for any fiscal period of this Contract succeeding the first fiscal period, this Contract shall be canceled automatically as of the beginning of the fiscal year for which funds were not appropriated or otherwise made available; provided, however, that this will not affect either the State's or the Contractor's rights under any termination clause in this Contract. The effect of termination of the Contract hereunder will be to discharge both the Contractor and the State from future performance of the Contract, but not from their rights and obligations existing at the time of termination. The Contractor shall be reimbursed for the reasonable value of any nonrecurring costs incurred but not amortized in the price of the Contract. The State shall notify the Contractor as soon as it has knowledge that funds may not be available for the continuation of this Contract for each succeeding fiscal period beyond the first.

43. SUSPENSION OF WORK

The State unilaterally may order the Contractor in writing to suspend, delay, or interrupt all or any part of its performance for such period of time as the Procurement Officer may determine to be appropriate for the convenience of the State.

44. USE OF ESTIMATED QUANTITIES (IF APPLICABLE)

Unless specifically indicated otherwise in the State's solicitation or other controlling documents related to the Scope of Work, any sample amounts provided are estimates only and the Agency named in this contract does not guarantee a minimum or maximum number of units or usage in the performance of this Contract.

45. RISK OF LOSS - TRANSFER OF TITLE

Risk of loss for conforming supplies, equipment, materials and Deliverables furnished to the State hereunder shall remain with the Contractor until such supplies, equipment, materials and Deliverables are received and accepted by the State, following which, title shall pass to the State.

46. USAGE REPORT:

A Report shall be furnished by the successful Contractor every hundred –twenty (120) days detailing the purchase of all items on the contract. The report shall be submitted electronically in Excel format. As a minimum, the report shall reflect the contract number, contract item number and description, the dollar volume purchased of each item, agency identification, and the contract total. The report shall be filed within thirty (30) days after the end of each reporting period. Any exception to this mandatory requirement may result in cancellation of the award. Failure to provide the report with the minimum required information may also negate any contract extension clauses. The usage report shall be emailed to the dgs.statewidecontractsusagereport@maryland.gov.

47. ELECTRONIC TRANSACTION FEE:

- a. Contractor shall pay an electronic transaction fee to the State in the amount of one percent (1%) of the total contract sales. The electronic transaction fee is calculated based on all sales transacted under the contract, minus any returns or credits. The electronic transaction fee shall not be charged directly to the customer, e.g., as a separate line item, fee or surcharge, but shall be included in the contract's unit prices.
- b. The electronic transaction fee shall be submitted to the Office of State Procurement, Fiscal Services Division, 301 W. Preston Street, Room 1309, Baltimore, MD, 21201, thirty (30) days after the end of each reporting period along with a Monthly Usage Report documenting all contract sales. An excel version of the Monthly Usage Report shall be emailed to dgs.statewidecontractsusagereport@maryland.gov.

- c. Failure to remit transaction fees in a timely manner or remittance of fees inconsistent with the contract's requirements may result in the State exercising all recourse available under the contract including, but not limited to, a third party audit of all contract activity. Should an audit be required by the State, the contractor shall reimburse the State for all costs associated with the audit up to \$10,000.00 or one (1%) percent of the contract's estimated annual value, whichever is higher.
- d. Prior to Award, Contractors will be asked to confirm in writing that their unit prices include the one percent (1%) electronic transaction fee.
