**AUTOMOTIVE GLASS REPAIR/REPLACEMENT SERVICES
BLANKET CONTRACT FOR JEFFERSON CITY, MISSOURI**

1.1 General:

1.1.1 The contractor shall provide automotive glass repair/replacement services on an as needed, if needed basis as ordered by the state agency. The contractor must comply with all mandatory requirements and specifications presented herein pertaining to provision of automotive glass repair/replacement services.

- a. The contractor shall not apply company stickers for advertisement on the windshields of the vehicles.

1.2 Substitutions:

1.2.1 The contractor shall not substitute any item(s) that has been awarded to the contractor without the prior written approval of the Division of Purchasing.

1.2.2 In the event an item becomes unavailable, the contractor shall be responsible for providing a suitable substitute item. The contractor's failure to provide an acceptable substitute may result in cancellation or termination of the contract.

1.2.3 Any item substitution must be a replacement of the contracted item with a product of equal or better capabilities and quality, and with equal or lower pricing. The contractor shall understand that the state reserves the right to allow the substitution of any new or different product/system offered by the contractor. The Division of Purchasing shall be the final authority as to acceptability of any proposed substitution.

1.2.4 Any item substitution shall require a formal contract amendment authorized by the Division of Purchasing prior to the state acquiring the substitute item under the contract.

1.2.5 The state may choose not to compel an item substitution in the event requiring a substitution would be deemed unreasonable in the sole opinion of the State of Missouri. The contractor shall not be relieved of substituting a product in the event of manufacturer discontinuation or other reason simply for reasons of unprofitability to the contractor.

1.3 Service Location:

1.3.1 The contractor shall have a service location in Jefferson City, Missouri.

1.4 Work Site Requirements:

1.4.1 As requested by the state agency, the contractor shall perform automotive glass replacement and/or repair services on-site at the state agency's location in Jefferson City, Missouri or at the contractor's service location. If service is requested at the contractor's service location, the state agency shall be responsible for delivery and pick-up of the vehicle requiring service.

- a. The contractor may service vehicles from other state agency locations, including other governmental entities' locations throughout the state, which are brought into Jefferson City for repair/replacement.

1.5 Turnaround Time Requirements:

1.5.1 On-site Replacement Services: If the state agency makes the appointment twenty-four (24) hours in advance, the contractor shall complete any windshield replacement on-site at the state agency location within four (4) hours turnaround after being notified by the state agency that the vehicle is ready for service. If no appointment was made in advance, the contractor shall complete the windshield replacement on-site at the state agency location within twenty-four (24) hours turnaround after being notified by the state agency that the vehicle is ready for service.

- 1.5.2 In-Shop (Contractor's Service Location) Replacement Services: If the state agency makes the appointment twenty-four (24) hours in advance, the contractor shall complete any windshield replacement at the contractor's service location within four (4) hours turnaround after the vehicle is delivered by the state agency to the contractor's location. If no appointment was made in advance, the contractor shall complete the windshield replacement at the contractor's service location within twenty-four (24) hours turnaround after the vehicle is delivered by the state agency to the contractor's location.
- 1.5.3 On-site Chip Repair Services: If the state agency makes the appointment twenty-four (24) hours in advance, the contractor shall complete any chip repair on-site at the state agency location within two (2) hours turnaround after being notified by the state agency that the vehicle is ready for service. If no appointment was made in advance, the contractor shall complete the chip repair on-site at the state agency location within four (4) hours turnaround during normal working hours after being notified by the state agency that the vehicle is ready for service.
- 1.5.4 In-Shop (Contractor's Service Location) Chip Repair Services: If the state agency makes the appointment twenty-four (24) hours in advance, the contractor shall complete any chip repair at the contractor's service location within two (2) hours turnaround after the vehicle is delivered by the state agency to the contractor's location. If no appointment was made in advance, the contractor shall complete the chip repair at the contractor's service location within four (4) hours turnaround during normal working hours after the vehicle is delivered by the state agency to the contractor's location.

1.6 Technician Requirement:

- 1.6.1 The contractor must provide a certified automotive glass technician from the contractor's place of business to perform the services requested under the contract from the hours of 8:00 A.M. to 5:00 P.M. Monday through Friday.

1.7 Warranty:

- 1.7.1 The contractor shall provide the following warranty on automotive glass replacement and/or repair:
- a. Automotive glass replacements shall not leak because of defects in materials or workmanship under normal use and service during the period of time that the State of Missouri owns the vehicle.
 - b. Automotive glass replacements shall not suffer stress cracks under normal use and service for twelve (12) months after the date of the contractor's initial installation of glass replacement.
 - c. At the time of the automotive glass replacement, such installation shall be properly accomplished so as to comply with the vehicle manufacturer's specification for structural integrity, and shall be in compliance with any applicable rollover and retention requirements of the Federal Motor Vehicles Safety Standards (FMVSS); specifically FMVSS 208, 212, and 216 requirements.
 - d. Upon completion of repair to chips in automotive glass, the State of Missouri shall be satisfied with the chip repair. The contractor shall replace the windshield at its contracted prices for such replacement, but shall not charge for the chip repair that failed to satisfy the State of Missouri.
- 1.7.2 These warranties shall be void if the vehicle has been subject to neglect, accident or incorrect or improper use, maintenance, repair or storage. The contractor's obligation to remedy any such defects under these warranties shall be limited to replacing or repairing, at the contractor's option, the defective glass installation.
